Liberty Under Law—Equal Rights—True Industrial Freedom.

SOVIET PLANS SUGAR TRUST.

All Factories Will be Under Direction of Government and Supreme Council.

(BY CABLE AND ASSOCIATED PRESS.) MOSCOW, Feb. 8.—All sugar factories in Russia are to be organized under a trust which will have its central board in Leningrad with branches at Kiev and Kharkoff. The trust will be under the direction of the soviet government, which will finance and operate it under direction of the Supreme Economic Council.

POINCARÉ EXPLAINS POSITION.

France Wants Guarantees Before Taking Part in Genoa Conference.

(BY CABLE AND ASSOCIATED PRESS.) PARIS, Feb. 8.—Premier Poincaré today explained the position of France in the Genoa conference. He made this clear at a secret session of the foreign affairs committee of the Chamber of Deputies, to which he gave details of the government's plans and copies of documents.

The premier said it was France's right and duty before going to Genoa to get the necessary assurances that none of her rights under existing treaties, nor those concerning the League of Nations, would be jeopardized. But as to whether French delegates actually will go or not, he said: "It is not for France either to accept or decline an invitation issued in her name."

He answered many questions concerning the proposed Anglo-French pact, whether France was bound by decisions reached by the Allied Supreme Council at Cannes. The committee expressed satisfaction with the premier's explanation.

LONDON, Feb. 8.—It is unlikely that the Genoa conference will be held for a three-month delay in the opening of the Genoa conference will be met by the British government in official circles today.

There are no objections to a delay, it was said, so far as the solution of the problems to be considered would not be benefited by months of preliminary investigation. The sooner the conference convenes the sooner European industrial reconstruction will begin, according to the view of the British government.

Decision of the question of delay, however, obviously rests with the Cabinet.

BUYS SCHOOL GROUND.

(EXCLUSIVE DISPATCH.) VENTURA, Feb. 8.—The old Courthouse property was yesterday sold at auction by the Board of Supervisors to the Ventura School Board for \$10,000. A new ward school building will be erected there.

Plan your work, then work your plan.

WORLD TO BENEFIT.

Hughes Reviews Conference.

Tells Pan-American Union that Limitation of Scope Assured Success.

Naval Reduction by Powers Will Aid South America, Says Secretary.

(BY A. P. NIGHT WIRE.) WASHINGTON, Feb. 8.—Belief that the results achieved by the Arms Conference "cannot fail to have effect in other countries," was expressed today by Secretary Hughes, chairman of the American delegation, in replying to an address by Ambassador Madison of Chile, at a meeting of the board of governors of the Pan-American Union.

The meeting was the first held by the board, since that body turned over its home to the use of the Arms Conference and Secretary Hughes, who is ex-officio president of the board of governors, delivered his address in reply to felicitations on his work in the conference extended by Ambassador Matkovic.

The secretary expressed deepest appreciation of the sentiments voiced by the Ambassador and reiterated the gratitude felt by naval officials believe a considerable saving will be made through today's action.

Only one capital ship under construction was exempted from today's suspension order. She is the Colorado, more than 90 per cent complete, and which will be retained in the permanent fleet.

Vessels on which work was ordered stopped include eight first-class destroyers at the Washington Navy Yard; the West Virginia, Newport News Shipbuilding and Dry Dock Company; the Indiana, Newport News Navy yard; the Montana, Mare Island Navy yard; the North Carolina, Norfolk Navy yard; the Iowa, Newport News Shipbuilding and Dry Dock Company; and the Massachusetts, Bethlehem Shipbuilding Corporation, Fore River, Mass.

Work was also ordered suspended on six battle cruisers as follows: Lexington, Bethlehem Shipbuilding Corporation; Constellation, Newport News Shipbuilding and Dry Dock Company; Saratoga, Newport News Shipbuilding and Dry Dock Company; Ranger, Newport News Shipbuilding and Dry Dock Company; Constitution and United States, Philadelphia Navy yard.

While work on the battleships West Virginia and Washington was ordered stopped, one will be completed and added to the fleet. Which is to be selected has not been decided, but it has been indicated that the West Virginia.

(Continued on Second Page.)

SCORES SPEECH OF COX.

Senator Pepper Declares Arms Conference Greater Success Than Versailles Pact.

(BY A. P. NIGHT WIRE.) ALBANY (N. Y.), Feb. 8.—The Arms Conference was declared by Senator George Wharton Pepper of Pennsylvania, at a Republican gathering tonight, to be a greater success than the Versailles Peace Conference.

Asserting that the conference treaties were not "isolated documents," but "interrelated in such a way as to be parts of a great scheme for a host of domestic as well as international life," the American people, he declared, were unalterably opposed to the League of Nations, and he scored Gov. Cox for "attacking" the Washington conference.

COPE TOO SOON.

"Just as the Democratic standard bearer was sensing the failure of the auxiliary conference," he said, "the announcements were made which demonstrated its entire success."

The Newberry election case also was discussed by the Senator, who said that Republican Senators had refused to be terrorized into voting for the League of Nations, and that he had seen there by a clear majority of the voters of his State.

Senator Pepper also said that on the Lusitania program of Congress he preferred that the tariff bill be given priority over the Arms Conference treaties.

BARRE VIREECK SPY WORK.

Employee Says He Knew of Plan to Sink Lusitania; Dr. Hale, Hearst Writer, Employed by Germany.

(BY A. P. NIGHT WIRE.) NEW YORK, Feb. 8.—James S. Keating, magazine writer, today asserted that George Sylvester Viereck, former editor of the Fatherland, had predicted the sinking of the Lusitania four days before it happened. Keating made the assertion in testifying for the Chicago Tribune in the \$500,000 libel suit brought against the newspaper by William Hale Thompson, Mayor of the Illinois city, on allegations that false charges of pro-Germanism were made against him.

Keating, who was employed as an assistant to Dr. William Bayard Hale in the German information bureau in this city, said that those in charge of the bureau considered the sinking "impolitic."

He said that the people who had sailed on the Lusitania were very foolish as she would certainly be sunk on Thursday or Friday.

Activities attributed to Dr. Hale were described by Keating, who said Viereck told him his chief had been hired by the bureau

(Continued on Second Page.)

ORDERS WORK SUSPENDED ON FOURTEEN WARSHIPS.

President Anticipates Ratification of Armament Conference Acts by Senate.

(BY A. P. NIGHT WIRE.) WASHINGTON, Feb. 8.—Construction work on fourteen capital ships was suspended today by order of Secretary Denby under direction of President Harding. The step was taken in anticipation of ratification of the naval limitation treaty which resulted from the Washington conference and under which only three of the vessels involved will be completed as war craft. The eleven others will be scrapped or converted to merchant ships under the treaty.

Secretary Denby acted after Assistant Secretary Roosevelt had discussed with President Harding the terms of the treaty affecting the new ship. Mr. Harding approved the suggestion that work be halted immediately on the eight superdreadnaughts and six battle cruisers pending final action on the treaty. The building operations thus halted have cost the government approximately \$5,000,000 a month.

Only one capital ship under construction was exempted from today's suspension order. She is the Colorado, more than 90 per cent complete, and which will be retained in the permanent fleet.

Vessels on which work was ordered stopped include eight first-class destroyers at the Washington Navy Yard; the West Virginia, Newport News Shipbuilding and Dry Dock Company; the Indiana, Newport News Navy yard; the Montana, Mare Island Navy yard; the North Carolina, Norfolk Navy yard; the Iowa, Newport News Shipbuilding and Dry Dock Company; and the Massachusetts, Bethlehem Shipbuilding Corporation, Fore River, Mass.

Work was also ordered suspended on six battle cruisers as follows: Lexington, Bethlehem Shipbuilding Corporation; Constellation, Newport News Shipbuilding and Dry Dock Company; Saratoga, Newport News Shipbuilding and Dry Dock Company; Ranger, Newport News Shipbuilding and Dry Dock Company; Constitution and United States, Philadelphia Navy yard.

While work on the battleships West Virginia and Washington was ordered stopped, one will be completed and added to the fleet. Which is to be selected has not been decided, but it has been indicated that the West Virginia.

MILLIONS IMPERILED BY FLAME.

Fire on Treasury Roof Causes Some Alarm and Much Excitement.

(BY A. P. NIGHT WIRE.) WASHINGTON, Feb. 8.—Blazing scaffolding and repair materials, accompanied by the explosion of a barrel of kerosene, on the roof of the Treasury Building, threatened the structure for half an hour today until the fire was brought under control. A blue print laboratory and a small contractor's shack on the roof were destroyed. Treasury officials estimated that the damage was slight, but no figure on the loss from water and fire was available.

Six clerks in the print room were taken to the hospital, and the fire was caused by over-turning of a heating apparatus used by workmen who have been engaged in repairing and raising the roof of the building, which holds millions upon millions of dollars in currency. Employees numbering several thousand were released from work and left the building without disorder.

The fire burned a portion of a superstructure upon the roof bearing a small room used by a laboratory. Materials used by the workmen, including tarred paper, were burned and while the fire was under control, the nature of the material caused a great deal of smoke which was seen from many parts of the city.

Two squads of marines from the Marine Corps were rushed to the treasury to co-operate with the police of the building, the Washington police and the fire service men in guarding the doors. Flames could still be seen late this afternoon, but firemen expected to clear the roof of a spread of the blaze was passed.

DISCUSS MEXICO CABINET.

Believed M. A. Robles Will Be Chosen for Commerce Portfolio by Obregon.

(BY A. P. NIGHT WIRE.) MEXICO CITY, Feb. 8.—Completion by the end of this week of President Obregon's Cabinet by appointments to fill the vacancies of the departments of commerce and industry, agriculture and war was forecast today by the resignation of M. A. Robles as Minister to Spain.

Several newspapers assert they have been unofficially informed that Senator Robles will take over the commerce portfolio although official information is lacking. It is generally understood that Gen. Francisco Bertrán has been officially named Minister of War, but the post of Minister of Agriculture is still in doubt.

SEVERAL MENTIONED.

A half dozen or more persons have been mentioned in connection with the latter post, which is considered the most important of the vacancies because of its direct connection with the administration of the agrarian law. Senator Robles' resignation is believed to make certain his appointment to a Cabinet post.

Secretary of the Interior Calles and Secretary of the Treasury De la Huerta are again at their offices after several days' absence, the former because of a serious fall from a horse, the latter because of a minor indisposition. Secretary De la Huerta has conferred for ten days at his home with the heads of the Mexican bankers and oil men, and with Eduardo Iturbide, his agent in New York.

SECRETARY MAINTAINED.

Secretary is maintained as to the status of his negotiations and as to Secretary De la Huerta's intentions relative to a conference in New York.

Much editorial pressure is being brought to bear against such a trip, the newspapers evidently fearing that it would end unsatisfactorily for the Mexican government.

Senator De la Huerta declines to comment.

TO STRAIGHTEN OUT HAITI.

Brig.-Gen. Russell Leaves Soon on Orders of President to Clear Up Situation in Voodoo Isle.

(BY A. P. NIGHT WIRE.) WASHINGTON, Feb. 8.—Brig.-Gen. John H. Russell, a Marine Corps officer of long experience, will leave soon for Haiti to act as the personal representative of President Harding in an attempt to clear up the situation involving American occupation which has been the basis for complaints by natives and others and for several investigations.

State Department officials in stating today that Gen. Russell soon would go to Haiti, where he would be in command of the American occupation force, would not say whether he would be given the title and post of American high commissioner in Haiti, creation of which post has been recommended by the special Senate investigating committee.

Dr. Pierre Hudicourt, of Port au Prince, a native Haitian, testifying before the Senate committee, however, made the statement that he had been informed that a "brigadier-general" was to be appointed high commissioner.

Protest was made by Dr. Hudicourt against the appointment of a high commissioner, especially a military man, declaring such action would amount to establishment of a protectorate over the island republic. The Haitian people, he said, would not recognize as legal or right any such action by the American government.

Gen. Russell was said by Marine Corps officers to be qualified especially for the task of dealing with problems surrounding the American occupation of Haiti, having through his administration of military affairs there won the confidence to a large degree of the natives.

(Continued on Second Page.)

SHIP PLAN ENDORSED.

President Likes Merger Idea.

Pacific Coast Men Told of Harding's Interest in Merchant Marine.

Popularly Owned Company is Viewed as Solution of Vexing Problem.

(EXCLUSIVE DISPATCH.) WASHINGTON, Feb. 8.—The committee representing ports on the Pacific Coast, which has been working on a tentative plan for the organization of a \$30,000,000 concern to acquire the combination passenger and cargo ships owned by the government and operated in the Pacific, came to Washington today, called on President Harding and subsequently met with Chairman Lasker and the Shipping Board for a several hours session.

President Harding told the committee that nothing concerned him more in domestic legislation than providing proper aids to establish an American merchant marine, and that it was one of his earnest hopes to see such aids provided. The President hoped his deep interest in the formation of a company, the stock of which should be popularly owned by the people of the Pacific Coast, for the development of the American merchant marine in the Pacific, with the hope of using the united assets of the government and the people, would be of interest to the committee.

COMMITTEE HEARTENED.

The committee was much heartened by the President's expression of deep interest in the American merchant marine as a whole and the development of the Pacific in particular.

Following the visit with the President, the committee met with the entire Shipping Board for a several hours session.

Chairman Lasker, speaking for the Shipping Board, reviewed the needs of the United States in the Pacific Ocean and pointed out that if ruinous competition prevailed between ports and companies there would not be that opportunity for the development of the American flag in shipping in the East that there would be through a popularly owned company making use of the ports of the Pacific Coast, thus cutting down overheads, which might make it possible for some ports to operate at a profit, and the trade for which otherwise could not be developed.

EARLY ACTION DESIRED.

The Shipping Board made no basis of proposal as to the price at which it held its position to the United States, but did stress that, in line with the Jones Act, it was its duty to make sure that the ships passed to the hands at the earliest moment compatible with the government receiving a proper price. Until the President had delivered his address on government aid to private shipping to Congress and Congress had taken action on the same, the board did not feel in a position to make an upset price.

Immediately after Congress has expressed its will on merchant marine legislation, the Shipping Board desires the disposal of its Far Eastern passenger ships, feeling that through private operation the trade with the Orient can be much better developed than by the government. On behalf of the board, Mr. Lasker asked the committee to bring about agreements in principle that would iron out the difference between competing ports and make the formation of such a company possible.

Mr. Lasker called attention to the fact that large banking facilities are necessary for the development of trade to insure, cargo and passenger ships, and that only through a private corporation could this be brought about. The Shipping Board having no appropriations nor powers for raising funds, and without such banking connections it had clearly been proved impossible to compete with foreign, privately owned companies which had such connections and develop American flag ships for their utmost.

HOPES FOR SUCCESS.

Mr. Lasker further stated that the Shipping Board, on measuring the situation, found that there was no existing group of companies which had such connections and develop American flag ships for their utmost.

There was nothing in the suggested company that precluded any and all ports and all individuals purchasing any cargo ships desired, on the identical price and terms that any company, including the proposed one, could obtain. Mr. Lasker also pointed out that if a higher bid for the ships other than the bid of the contemplated company, was received, the high bidder would, of course, obtain the ships; but Mr. Lasker expressed the fear that unless such a company as contemplated was brought about, there might be no group strong enough to acquire the vessels, and therefore it became the duty of the Shipping Board to attempt to create a customer if none existed. In the creation of such a customer, however, the Shipping Board could only contemplate one that represented all the people of the Pacific Coast and that was organized in the national interest rather than by a capitalist group for profit only.

The representatives of the coast

(Continued on Second Page.)

QUADRUPLTS ARE BURIED.

Baby Boys Born Last Saturday Weighed Four Pounds Each.

(BY A. P. NIGHT WIRE.) WEST PLAINS (Mo.), Feb. 8.—Many citizens of this place and surrounding territory yesterday traveled to Brandsville, near here, to see the bodies of the boy quadruplets born to Mrs. Stonewall Willard, before the burial. The boys each weighed nearly four pounds. They were born Saturday, but died shortly after their birth. Mrs. Willard has six living children.

EXPORTS OF GRAIN ARE ENORMOUS.

Farm Products Sent Abroad in 1921 Totaled Twenty Million Tons.

(BY A. P. NIGHT WIRE.) WASHINGTON, Feb. 8.—Exports of agricultural products during the past year—the largest total volume in the country's history—exceeded those of 1920 by nearly 4,000,000 tons and were almost twice as large as the pre-war volume in 1913, according to a statement issued tonight by the Commerce Department. In money value, however, the department said, the country received only about two-thirds as much for the total of exports in 1921 as for the previous year, although Europe paid twice as much as in 1913.

During the last year agricultural exports totaled over 20,000,000 tons, for which \$2,500,000,000 was received, compared with 16,500,000 tons, worth \$1,000,000,000 in 1920, and 10,000,000 tons valued at \$1,000,000,000 in 1913. Grain was the principal agricultural commodity exported in 1921, the total amounting to 14,000,000 tons, as compared with 12,000,000 tons in 1920 and 6,000,000 tons in 1913.

The cause of our enormous increase in food exports since 1913, the department said, "does not lie in an increase in production in Western and Central Europe—for the area is rapidly recovering its normal production. The major cause is the total failure of Russia as a food export country. Russia, formerly export in 1920, 10,000,000 tons of food, all of which has ceased, and thus the food base for Western Europe is transferred to the United States. The production of Russia has gone to such depth that a recovery of her agriculture to consequential export is extremely unlikely for a number of years to come."

(Continued on Second Page.)

RELIEF FUND FOR RED BLIND.

Soviet Campaign for Big Money.

Russian "Red Cross" Cloak for Trotsky, Lenin and Their Abettors.

Hoover's Indorsement Refused; Chicago Headquarters for Communist Plan.

(EXCLUSIVE DISPATCH.) WASHINGTON, Feb. 8.—Chicago has been selected as the headquarters and the Middle West for the special field of activity of the latest attempt of soviet agents to secure funds in the United States. This time the campaign is for big money. The appeal for funds is made by the recently created American committee for Russian famine relief, from its offices in the Steinway Building, distribution, it announces, is to be through the Russian Red Cross under American supervision.

Making use of the famine conditions in the Volga Valley to enlist sympathy, and the hoaxed words "Red Cross" to inspire confidence, the organizers of the new committee, Walter A. Lippitt and A. W. Hicker, have induced large numbers of well-known Americans, including several United States Senators, Representatives, State Governors and others, to permit the use of their names on its advisory council.

AMERICAN BUREAU.

That the American Bureau of the Russian Red Cross consists of Dr. D. H. Dubrowsky, formerly associated with Ludwig Martens, and since the appropriation of the letter, Dr. D. H. Dubrowsky, formerly associated with the Department of Justice, and Dr. Michaelowsky, all three well, if not favorably known to the Department of Justice, and that the Russian Red Cross in question is an association of the soviet government created to work in countries which have not recognized the Lenin-Trotsky regime and refuse knowledge to tolerate the activities of their agents, are facts upon which the organizers of the committee do not dwell and, indeed, make every effort to avoid in discussion its activities.

The name of Gov. Davis of Idaho is also in the list of the list of sponsors, he having taken the precaution of addressing certain inquiries to Secretary of Commerce Hoover, who answered by quoting to him the following telegram sent by the Department of Justice to answer to a similar inquiry from the Milwaukee Journal:

"Following relief committees are offered and managed by the American government."

(Continued on Second Page.)

DISCUSS MEXICO CABINET.

Believed M. A. Robles Will Be Chosen for Commerce Portfolio by Obregon.

(BY A. P. NIGHT WIRE.) MEXICO CITY, Feb. 8.—Completion by the end of this week of President Obregon's Cabinet by appointments to fill the vacancies of the departments of commerce and industry, agriculture and war was forecast today by the resignation of M. A. Robles as Minister to Spain.

The Convincing Voice of a Quarter Million People

Speaks With Tremendous Force in Indorsement of the Tried-and-True Cable-Made Piano.

Nearly 250,000 people, owners of the Cable Piano, form a grand jury, whose united preference for this superb instrument carries its own weight. We have known and sold this splendid piano for 15 years—a fact which alone means much to those who know the high emotions of this house.

The Cable Piano Grand pictured in this ad may be secured for the very low price of \$195. Other small grands \$145, \$165, \$185, \$195 and \$200—up to the incomparable Mame & Hamlin Grand which may be secured in one model at \$1275. Convenient terms.

THE WORLD'S NEWS IN SPANISH

For the benefit of the many Spanish-speaking friends of The Times and the many students of that tongue in Los Angeles, The Times presents herewith a digest of the most important news of the day in Spanish. A working knowledge of correct everyday Spanish is an asset of immense value, especially in the Southwest, as is indicated by the fact that public and private Spanish instructors have more than 15,000 pupils in Los Angeles alone.

Para beneficio de los muchos amigos de habla castellana que tienen el Times, así como también para ayudar a los estudiantes de este idioma en Los Angeles, el Times tiene el gusto de ofrecerles una serie de noticias importantes de última hora, en español. El conocimiento de este idioma, expuesto en una forma sencilla, usando frases de uso diario, es de gran valor, especialmente para los residentes del suroeste del Estado. En esta ciudad actualmente hay más de 15,000 personas que se dedican al estudio de la lengua española.

NOTAS TELEGRAFICAS.

Secuestro de Personas en Irlanda.

RELFEST, febrero 8.—Parísidas de hombres armados cayeron sobre varios condados en Irlanda anoche y hoy por la mañana, llevándose secuestrados a varios unionistas prominentes que sacaron de sus propias casas y buscaron a un constabable especial de Ulster.

El gobierno de Ulster anunció que tomará medidas muy severas para combatir a los rebeldes. En Belfast se movilizaron de guardia varios cientos de especiales fueron despatchados inmediatamente en lories a la escena del conflicto.

El Gabinete de Obergón.

CIUDAD DE MEXICO, febrero 8.—Se espera que el gabinete del Presidente Obregón se completará al final de la semana. Serán nombrados nuevos miembros en los departamentos de Industria, Agricultura y Guerra. Esto se pronosticó a causa de la dimisión del Sr. M. A. Robles como ministro en España.

Según aseguran varios periódicos semi-oficialmente el Sr. Robles recibirá el portafolio de comercio.

NOTAS DE WASHINGTON

WASHINGTON, febrero 8.—Los diplomáticos aquí creen que el Presidente Harding no participará en la conferencia de Ginebra, basándose en el hecho de la situación económica de los Estados Unidos, un problema enteramente europeo y dichos gobiernos respectivamente han de prestar su ayuda antes que los Estados Unidos puedan ofrecer ayuda alguna.

Miembros republicanos en caso que el comité de medios y arbitrios convenga en reducir el presupuesto de los soldados por medio de la contribución sobre misceláneos como creen ser el medio más práctico aunque aun no se sabe cuales deberían ser.

En la apertura hoy de la sesión semianual el comité de ferrocarril puso un plan para el nombramiento de un comisionado general de transporte el cual será elegido por el Presidente.

Chicago y el Occidente meridional es el campo de acción donde los Bolshéviks se esfuerzan con ahínco para obtener bastante dinero en los Estados Unidos. Peticiones hechas por fondos por el nuevo comité americano para aliviar a las víctimas del hambre en Rusia, organizado bajo contrato con la cruz roja de Rusia, la cual está gobernada directamente por el gobierno soviético.

NOTAS LOCALES.

Se Urge Co-operación Extrañable.

Declarando que la California del Sur y Arizona están tan relacionadas económicamente y sus intereses siendo tan mutuos, negociantes de esta ciudad y de Phoenix se reunieron en la Cámara de Comercio donde se sirvió un luncheon ayer. Se formularon planes para crear una alianza económica que será de gran beneficio a ambas secciones. El Senador H. B. Wilkinson y el abogado Edward F. Parker de Phoenix habrán de ir a la Cámara de Comercio de Los Angeles para que ésta visite a Phoenix en una fecha temprana con objeto que dichos planes se lleven a cabo armoniosamente. La Cámara adoptó una resolución donde se aprueba la alianza y dando autorización a los comités proveedores para que se anoten las medidas para llevarlas a efecto. Se continúa la investigación del Asesinato.

La oficina del fiscal hoy tomó bajo su mano extensas y arduas investigaciones para hacer un resumen de los diferentes aspectos del horrible crimen en que el malogrado Sr. William Desmond Taylor, director famoso del cine, fué asesinado. Se trata de romper una "conspiración silenciosa" creada en parte por los miembros del cine. Personas empleadas en este ramo, desde los más altos a los más bajos, tendrán que aparecer ante los investigadores y ser interrogados. Una organización de ademanos misteriosos ejecutados por sus miembros, un cierto culto amoroso, con el cual la víctima se dice haber estado asociado, se investiga ahora encañidamente. Las autoridades policíacas en todas las secciones todavía buscan a Edward F. Sanda, ex-secretario del muerto y el sospechado del crimen.

Con lluvias templadas precipitándose por 30 horas y grandes nevadas caídas en las montañas y que ligeramente se derrieron, el Sur de California, otra vez está amenazado con crecidas de ríos. Reportes de media docena de distritos indican que las corrientes están en peligro inmediato por las aguas. A las 5 de la tarde, ayer, precipitación de lluvia en Los Angeles.

INDIANS BURN POLICE CAMPS.

Further Disorders Told in London Report—Volunteers Arrested.

(BY CABLE AND ASSOCIATED PRESS.) LONDON, Feb. 8.—Indian volunteers burned police camps and the records contained therein at Pura-In-Behar and at Orissa on the Bay of Bengal, February 5, according to a statement by the Indian Office tonight. Disturbances were reported during the Tribeni Mela fair, resulting in the arrest of five volunteers. The police were stoned and some received slight injuries.

Peace of World Greatest Hope of New Pontiff.

(BY CABLE AND ASSOCIATED PRESS.) ROME, Feb. 8.—Pope Pius XI today gave Cardinal O'Connell of Boston the following message to be sent through the Associated Press to the American people: "I send them my sincere and affectionate blessing and that I shall always have at heart their prosperity and welfare. I beg your attention to let the United States know that all my life I have felt the most sincere admiration for that young and vigorous nation. 'My one great desire is to be able to see that marvelous country. But now, of course, that can never happen. But still I am consoled to think that I can welcome Americans to Rome. 'My one great desire is to help re-establish peace and harmony among all nations. The conference at Washington accomplished much towards the pacification of the world. America has shown herself most unselfish both during and since the war. God bless her for that. She seems never to want anything for herself except what is justly hers. At the same time she is always helping the old nations of Europe, which today more than ever need her co-operation. God bless your country and your people.'

STEAMER CAPTURED BY GREEK CRUISER.

(BY CABLE AND ASSOCIATED PRESS.) LONDON, Feb. 8.—The Greek naval staff has issued a report stating that the Greek auxiliary cruiser Naxos stopped the steamship Berkshire off Merina, South-eastern Asia Minor, and took her into the harbor of Piraeus, according to semi-official sources. The Berkshire, it is charged, was carrying coal and petroleum for the Turkish Nationalist force of Mustafa Kemal Pasha.

IMPRISONED FOR PLAYING DEAD.

Curate, to Deceive Wife, Forged Certificate and Sent Cable.

(BY A. P. NIGHT WIRE.) REGINA (Sask.) Feb. 8. The Rev. Olym E. Williams, formerly a curate at Oxbow, has been sentenced to nine months at hard labor for trying to deceive his wife into thinking him dead. He admitted sending a false cable from England, forging a death certificate, and also forging the name of another church official to a letter describing his death and funeral.

Court-martial of Local Man is Dismissed.

(BY CABLE—EXCLUSIVE DISPATCH.) PARIS, Feb. 8.—Court-martial proceedings by the Military Governor of Paris against Frank Joseph Godesl, an official of the Goldwyn Pictures Corporation and a director of the Tecla Pearl Company, were dismissed today. The proceedings have been hanging fire since 1917. Mr. Godesl, who is now in Los Angeles, was notified of his acquittal by cable.

Mr. Godesl, who was born in Cleveland, O., was naturalized a French citizen in 1912, and he enlisted in the French army at the beginning of the war. Afterward he was transferred to Washington, where he was a member of Andre Tardieu's committee. Near the end of 1917 the French government asked the United States to extradite Mr. Godesl to France to be court-martialed on charges of exporting commissions on purchases of army supplies. Mr. Godesl came to Paris secretly last August, when he appeared before judges for four days giving testimony. He was permitted to return to America.

Mr. Godesl, chairman of the board of directors and vice-president of the Goldwyn Pictures Corporation, is at the Ambassador Hotel. He could not be reached last night.

High Profits in Saloons Despite Police Graft.

(EXCLUSIVE DISPATCH.) NEW YORK, Feb. 8.—High lights in prohibition enforcement, or lack of it, and on saloon profits since so-called prohibition or because of it, were supplied today by Dist. Atty. Glennon of the Bronx, in charge of the investigation of State dry-law enforcement for presentation to the grand jury.

"It has cost one saloon-keeper \$55,000 in graft to the police since the passage of the Mulan-Gage law, but in spite of this the liquor dispenser grew rich," said Glennon.

This saloon-keeper, the District Attorney said, kept the "assessments" of certain patrolmen, sergeants and capitalists in a small book but did not think to total the amount until Glennon's investigator arrived. Business was paying a dividend of about 100 per cent so what was the use? The payments were from \$5 to \$500.

HEAVY SNOW IN ROME.

(BY CABLE AND ASSOCIATED PRESS.) ROME, Feb. 8.—Severe snow-storms are raging in Central and Northern Italy. Telegraphic and telephonic communication is difficult, and trains are considerably delayed.

Calmon Luboviski
The Brilliant Young Violinist, Who Will Be Heard in Recital at The Ebell Club on Saturday Evening

Los Angeles is indeed fortunate in having this opportunity to hear him—he is considered one of the really great artists of the day. In speaking of Luboviski, Paul Becker, one of the world's foremost and most conservative musical critics, has said—"Among the stars in the musical world, Calmon Luboviski, the violinist, occupies a very prominent place. His is a character of great vigor and he possesses a most brilliant technique."

To secure an accompaniment that would creditably reflect his artistry, Luboviski unhesitatingly selected the

Steinway Piano

which is, and always has been, the unanimous choice of the great musicians of all time. Aptly designated "The Instrument of the Immortals," the Steinway Piano is the acknowledged peer of all pianos.

We keenly appreciate the honor of being known as "The Steinway House." We have a complete showing of all models, in both upright and grand styles, the uprights are priced from \$925, the grands from \$1450. They may be obtained on liberal terms.

WEEKS SHIES AT CONTRACT.

Wants Guarantee Posted by
Henry Ford.

Doubts That Cheap Fertilizer
Can be Made.

Refuses to Give Advice on
Acceptance.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Feb. 8.—The opening session of the House Military Committee's investigation of the Ford contract offer for purchase and lease of the government's properties at Muscle Shoals, Ala., revolved today principally about clauses relating to manufacture of fertilizer for the nation's agricultural needs. Secretary Weeks, appearing as the first witness, repeatedly declared his doubt as to whether fertilizers could be manufactured cheaply at Muscle Shoals and expressed his belief that amendments to safeguard better the government's interests in the \$108,000,000 investment already made in the bill should be incorporated in the offer as drafted.

To alter government policies regarding the lease of real estate or other properties and permit a 100-year lease of the water-power machinery and dams in Alabama, he asserted repeatedly, would be an

TELLS OF WONDER CURE.

Dr. Lorenz, Aged Austrian Surgeon, Reveals Process
That Makes Him Indefatigable.

(BY A. P. NIGHT WIRE.)

NEW YORK, Feb. 8.—After astonishing many American practitioners for several months by his indefatigable work in performing hundreds of bloodless operations for charity, Dr. Adolf Lorenz, aged Austrian orthopedic surgeon, has revealed that he attributes his energy to having submitted to a delicate operation known as Steinhach's method of rejuvenation.

The operation, painless as those he himself performs, was gone through by Dr. Lorenz, who is 67 years old, just before leaving Vienna for the United States last fall, according to the New York World.

The fact that he had undergone the operation with the hope of thereby having his years of usefulness to the newspaper lengthened, was announced by Dr. Dexter D. Ashley, at whose home the famous surgeon has been seeing patients, the newspaper stated. It was performed by Dr. Blum of Vienna.

The operation, as described by its originator, Dr. Eugene Steinhach, is a very simple affair. "Absolutely painless; quite free of any disk whatsoever. It takes

no longer than fifteen minutes to perform. Seven to ten days in the hospital are all that is needed. But the operation must be performed with minute precision.

Dr. Steinhach is said to operate on a gland which has properties both reproductive and revivifying. By a simple ligation, the reproductive property of the gland is obliterated, when the other property is intensified. It involves no transplantation of glands.

Shortly after Dr. Lorenz began his work here last year, he underwent several attacks of weakness and fainting. These are now said to have passed, leaving the aged surgeon in the heartiest of physical condition.

It is said that it requires several months for the result of the Steinhach operation to assert itself.

Anything might happen in the next 100 years, he said. "While I have not the slightest doubt as to the solvency of Mr. Ford, nor of his intentions to execute the agreement in good faith, neither he nor I will be here during the life of the contract. In considering this question we are providing for the future generations."

Regarding the manufacture of fertilizers and their cheap delivery to the farmer, Dr. Lorenz said there was no reasonable certainty in his mind that that was possible.

HESITATES ON ADVICE.
"If I thought that development of the project by Mr. Ford would effect a material reduction in the cost of fertilizer," he said, "I would vote for his proposition, if I were in Congress. But I am so in doubt as to that, I should hesitate to give any advice unless assured of a guarantee."

Asked what the annual consumption of fertilizer was, he said it was approximately 73,000,000 tons, and the Muscle Shoals plants could produce at a maximum only 300,000 tons.

That amount, he asserted, would not, in his opinion, affect the existing market.

He previously had told the committee that Mr. Ford had declined to guarantee fertilizer production over a given number of years and had informed him in conversations that he would not manufacture the commodity at a loss.

SHY ON OPINION.
Although pressed repeatedly, the Secretary did not express his opinion as to whether the offer should be accepted or rejected by Congress.

Chairman Kahn announced that he had telegraphed Mr. Ford twice requesting him to come before the committee or send a representative. In the second message, Mr. Kahn said, he requested the manufacturer to appear between the 5th and 15th inst., but said later that Monday would be satisfactory.

FORD IS WILLING.
(BY A. P. NIGHT WIRE.)
DETROIT, Feb. 8.—If his testimony before the House Military Committee at Washington with respect to the Muscle Shoals project is "urgently needed," Henry Ford will appear before the body, he told the Associated Press tonight. Mr. Ford made the statement when informed that Chairman Kahn of the committee had asked him to appear in Washington between February 9 and 11.

PRESIDENT NOW
Possessor of a
Wireless Phone

(BY A. P. NIGHT WIRE.)
WASHINGTON, Feb. 8.—President Harding has a new toy to play with if he should ever find leisure time to devote to it. A wireless telephone receiving outfit was installed today in his study on the second floor of the White House.

Installation was made at Secretary Denby's request. It is understood that the instruments will be connected with an aerial tower and hereafter whenever he likes the President will be able to put the phones to his ears and listen to the latest news of the day.

JAPANESE SIBERIAN
OCCUPATION COSTLY.

(BY CABLE AND ASSOCIATED PRESS.)
TOKYO, Jan. 12.—(Delayed.) The extraordinary military expenses for the new fiscal year aggregated roughly 7,000,000 yen. These expenses include the estimate for the maintenance of the troops in Siberia, amounting to 48,000,000 yen, in Sakhalin to 16,000,000 yen and Shantung to 3,600,000 yen on the assumption that the troops on those quarters will be maintained. It is expected, however, that some of them will be withdrawn as a consequence of the Sino-Japanese and the China-Japanese negotiations now in progress.

The remaining portion of the industrial expenditure will be devoted to the compilation of war histories, the maintenance of the military force in Korea and the granting of pensions and gratuities.

SCHOOL BANS DANCING.
FALL RIVER (Mass.) Feb. 8.—Because the shimmy and the tiddle and the Washington Johnny were supplemented at intermission with moonshine extractions to remote parts of the city, high school dances in this city are banned for the rest of the school year. So ordered the school committee last night, after a long discussion of charges surrounding recent school dancing incidents.

PLAN TO TEST LAW MUDDLED.

Webb's Statement Makes
Change Necessary.

Treasurer Will Refuse to
Honor Warrants.

Veterans' Welfare Board is
After Ruling.

(BY A. P. MONT WIRE.)
SACRAMENTO, Feb. 8.—Plans to bring a friendly proceeding in the State Supreme Court shortly to test the constitutionality of the State veterans' welfare legislation enacted by the last Legislature, which had been made today at a conference of several State officials involved, late today, were disarranged upon receipt of advice that Atty.-Gen. Webb had been quoted in San Francisco as having declared that he did not last week tell State Controller Ray L. Riley that there is "grave possibility" that the legislation would be held unconstitutional.

Declaring that the Controller and the State Treasurer were the only State officers liable for money paid out, illegally, Controller Riley reiterated that he would not approve warrants of the Welfare Board.

DECIDE COURSE.
He stated, however, that in view of the Attorney General's quoted statement today that it "always has been my view that these suits should be upheld by the court," he would confer with State Treasurer Richardson in order to determine whether a written opinion should be requested from the Attorney General, or whether it would be left to the Veterans' Welfare Board to bring mandamus proceedings against the Controller in the Supreme Court to compel him to draw warrants on bills presented by the board.

Controller Riley stated that he would confer with Treasurer Richardson tomorrow after the latter's return from San Francisco. He stated that he did not care to enter into a controversy with Atty.-Gen. Webb regarding what the Attorney General advised him last week.

WEBB'S STATEMENT.
(BY A. P. MONT WIRE.)
SAN FRANCISCO, Feb. 8.—Atty.-Gen. Webb said today that he had not advised State Controller Riley that the soldier welfare legislation passed by the last Legislature was unconstitutional, but merely that if the law was held unconstitutional by the State Supreme Court, Riley would be personally liable for having honored warrants from the Veterans' Welfare Board.

On the other hand, Webb said, he believed the law would be upheld by the Supreme Court because it followed the lines of soldier legislation passed in 1917 and 1919, under which more than \$1,000,000 had been paid out without question.

WRITES TO LEGION.
In a letter received today by Daylight Post of the American Legion here, Webb said:
"I have not expressed the view that there is 'grave possibility' that the soldiers' welfare legislation will be held unconstitutional. On the contrary, it is and always has been my view that these suits should be upheld by the court."

"The statement that I advised the holding up of all warrants of the welfare board until the question is determined by the Supreme Court is erroneous. Instead of having grave doubts as to the constitutionality of these measures, I am extremely hopeful that the court will uphold all of them."

REACH AGREEMENT IN
PHILIPPINE POLITICS.

(BY CABLE AND ASSOCIATED PRESS.)
MANILA, Feb. 8.—(Delayed.) A threatened split in the Nationalista party, which has dominated Philippine politics, has been deferred through the acceptance in principle by Speaker Sergio Osmeña today of the proposition advanced by the element of the party that purports to bolt, to give the presidency of the party to a member who will uphold the theory of collective leadership. Osmeña has been charged by the student element of Nacionalistas with maintaining a virtual dictatorship in insular politics.

Osmeña advanced personal leadership, but declared today he would accept the principle of the opposition in order to prevent a division of the party. A caucus of the Nacionalistas in the lower house of the Legislature by a large majority voted in favor of continuing personal leadership. The Nacionalista leaders will continue discussion of the party crisis tomorrow.

LEAVES ONE DOLLAR
TO "STERLING WIFE."

(BY A. P. MONT WIRE.)
NEW YORK, Feb. 8.—The will of Manuel Diegues, former Guatemalan Consul-General, filed today in Surrogate Court, left \$1 to his divorced wife, Aida Moreno Diegues, who lives in California with her three children.

"This is in no sense a slur upon her character," the document reads. "She was ever a good wife to me, but rather a recognition of her sterling worth as a wife."

CHILDREN'S MITE SAVED FORESTS.

School Kidder's Pencil
Will be Bought for
Park Scheme.

(BY A. P. MONT WIRE.)
MILWAUKEE, Feb. 8.—The children's mite was one of the factors in saving the original tract of the Redwood Forest in California and the children's mite will be one of the factors in saving the Northern Lakes Park for State park purposes, according to officials of the Wisconsin Lakes and Parks Association, who are seeking the co-operation of the 500,000 school children of Wisconsin.

START TRIP TO SCALE MT. RAINIER

Party's Advance Guard
Leaves to Lay Wires to
Anvil Rock.

(BY A. P. MONT WIRE.)
PARADISE INN (Mt. Rainier, Wash.) Feb. 8.—The advance guard of the mountain-climbing expedition, which has for its objective the midwinter scaling of Mt. Rainier, left here shortly after daybreak this morning in an attempt to reach Anvil Rock. The party was headed by two Rainier National Park rangers, Claude Ties and Harry Teller. They will remain at Anvil Rock until weather conditions permit the three or four mountaineers to attempt the last lap to the summit.

Work was received this morning from the Camp Lewis signal corps men that it is snowing hard and that a heavy wind is sweeping the mountain between here and Anvil Rock. The soldiers, however, expect to complete laying their telegraph wire the additional half-mile to the rock today.

When word is received that weather conditions are favorable at Anvil Rock, which is at the 10,000-foot level, the three climbers, Jacques Bergues and Jean and Jacques Landry, will move their base forward to that place and attempt the ascent to the summit, 4400 feet still higher. The mountaineers are conditioning themselves at Paradise Inn and taking no chances until the weather improves.

URGE PASSAGE OF FORDNEY TARIFF.

PROMPT ACTION IS NEEDED
TO SAVE BUSINESS WOOL
MANUFACTURERS SAY.

(BY A. P. MONT WIRE.)
BOSTON, Feb. 8.—Members of the National Association of Wool Manufacturers were asked to urge on their Congressmen and Senators prompt enactment of the Fordney Tariff Act, in a resolution passed at the association meeting today.

The resolution said that the wool manufacturing industry was in the "alarmingly position of being obliged to pay an extremely heavy tariff duty on raw materials necessary for the continuation of production, and of having inadequate duty on its products."

Unless the tariff bill is passed and the present situation corrected within a very short time, the resolution said, "the closing of many mills is probable."

The association went on record as favoring passage of the bill pending in Congress, making it a misdemeanor to misrepresent any sort of merchandise in commerce subject to regulation by the Federal government.

The wool manufacturer believes he has done his part toward reducing the price of clothing, but thinks other factors have failed to do their share to bring prices down, Paul T. Charrington, secretary of the association, said at the meeting today.

"It has been disappointing to the industry," he said, "that the full benefits of the liquidation of the woolen goods market have not been reached. Whether, as has been variously charged, the cause is in the wages of clothing makers' labor, or in the costs of distribution, or in the profits of cutters or distributors or in a combination of some or all of these is not clear. It is a fact, however, that the public has not yet received a reduction in the price of its clothes commensurate with the liquidation of fabric prices."

BRIBERY CHARGED IN RICKARD CASE.

PRIVATE DETECTIVE ASSERTED
TO HAVE PAID GIRL
TO CHANGE TESTIMONY.

(BY A. P. MONT WIRE.)
NEW YORK, Feb. 8.—Charged with bribing Nellie Gasko, 13, of Brooklyn, to withhold testimony against Tex Rickard, right promoter, accused of assaulting three girls, Nathan Podd, a private detective, today was remanded to the Tombs by Justice Wasservogel.

He will be arraigned on the charge, a felony, Friday. Bail was fixed at \$10,000.

The bribery charge was preferred by Richard C. Curran, an officer of the Children's Society, which has the Gasko girl in its custody. Mr. Curran's complaint was accompanied by the girl's affidavit as to its truth.

Podd was arrested yesterday near Wappinger's Fall, New York, when Curran of the Children's Society had tracked the Gasko girl, who had been missing since January 17. The officials said she was being held by the girl's father, who had been arrested.

After telling Acting Dist. Atty. Peckora that she had met Rickard nearly every day since last summer, the police, declared Podd's wife had induced her to meet the detective. Podd, the police declared, paid the girl a sum of money on her agreement to change her testimony against the fight promoter.

"Nellie Gasko has described in detail meetings with Rickard since she originally met him last summer in the swimming pool in Madison Square Garden," Mr. Peckora said tonight. "She met him nearly every day, she says, in an office in the building. She was admitted to the Garden and swimming pool free. Nellie knew Alice Ruck, the original complainant against Rickard."

Bolivia Authorities Foreign Desk.
(BY CABLE AND ASSOCIATED PRESS.)
LIMA (Peru) Feb. 8.—A dispatch from La Paz to La Prensa says that the Bolivian Senate has approved a revised law authorizing the President to seek a foreign loan of \$15,000,000 in gold. The money would be used for the construction of a railroad from Potosi to Sucre, and in other improvements.

EXTRADITION OF HASTINGS ASKED.

NORTH DAKOTA SEEKS
CUSTODY OF FORMER BANK
OFFICIAL.

(BY A. P. MONT WIRE.)
SACRAMENTO, Feb. 8.—Requisition for the extradition of John J. Hastings, former secretary of the North Dakota Nonpartisan League, and vice-president of the Scandinavian Bank of Fargo, who is charged with the embezzlement of \$100,000 from that institution, was delivered today to Gov. Stephens by George Raymond, deputy sheriff, and George Chaffer, Deputy Attorney-General. A hearing will be held in the Governor's office Friday morning at 10 o'clock.

WANTS AMERICANS AT JAPANESE FAIR.

SAKAI, Feb. 8.—K. Namba arrived here today from Japan on the liner Persia Maru to invite exhibits from American manufacturers and others for the international peace exposition in Tokyo, March 10 to July 31 of this year.

The exposition will be the first of an international character ever held in Japan, according to Namba, and the Japanese government appropriated \$5,000,000 for it.

CASS LAKE HONORS DEAD INDIAN CHIEF.

CHIPPewa WAS BORN FOUR
YEARS BEFORE WASHINGTON
TOWN WAS INAUGURATED.

(BY A. P. MONT WIRE.)
CASS LAKE (Minn.) Feb. 8.—Plans were being made today to close all business houses here tomorrow afternoon during the funeral of Go-be-nah-gwa-wone, Chippewa Indian chief who died yesterday in his 155th year. He will be buried from a white man's church and in a white man's cemetery and the whites here will pay their tribute to the Indian whose wigwam stood on the shores of Cass Lake long before the white man came to this region.

EARLY REDEMPTION FOR VICTORY NOTES.

WASHINGTON, Feb. 8.—Announcement was made by Secretary Mellon tonight that the \$400,000,000 outstanding of tax-exempt \$5 per cent Victory notes had been called for redemption at par on June 15, and that the conversion privilege of Victory notes would be suspended beginning February 9.

This action was taken, he explained, in connection with the

VIGILANCE TO PROTECT THE BIRMINGHAM DEBT COLLECTION.

The Southwest is divided into the following six zones: (1) City of Los Angeles; (2) Los Angeles county outside the city; (3) the counties of San Diego, Imperial, Orange and Riverside; (4) the counties of Inyo, San Bernardino, Kings and Tulare; (5) the counties of Santa Barbara, Ventura, Kern and San Luis Obispo; (6) the State of Arizona. Send one—and only one—photograph, mailing it as early as possible, but in any event so it will be postmarked before 12 o'clock, midnight, February 22. Address it, "Manager Times Beauty Quest, Los Angeles Times, Los Angeles, Cal." Write full name and address on the back of photograph, giving the name of city, street number, county and State, and occupation. If not occupied, write "Home." An entry may be made by a friend of the girl if the latter's permission is given. Hereafter no entry blank will be required. Entry is free. There is no charge of any kind, no votes to get, no subscription "string." It is open to every unmarried girl residing in the territory above described, except that all professional beauties are barred, i.e., those whose beauty is their principal means of livelihood, as actresses, models, etc. No photographs can be returned. Do not send stamps. A person may submit the names of more than one young woman as entrants, but the permission of each must be obtained and the entries must be made separately. Employees of The Times and members of their families are barred.

As many photographs as possible will be published in The Times from day to day and in the Sunday rotogravure section. The fact that your photograph does not appear is no indication that you are not within the prize-winning class. In publishing photographs only the last initial of the name and the name of the city in which the entrant resides will be used. A board of artists will select the prize winners as soon as possible after the close of the quest, which is February 22. After the board has made the awards the photographs of all prize winners will be published in the rotogravure section, together with their names and addresses. Have you sent in a photograph?

DAILY TRADE TALK.

Public Utilities Struggle to Keep Pace With Expansion Needs; Retail Trade; Finances.

BY CHAPIN HALE.

Corporate units in Southern California all show proportionate development in keeping with new record figures being constantly established and re-established. Public utilities in particular have had all they could do to keep pace with the requirements.

One of the fastest growing of these is the Southern California Gas Company, employees of which were entertained by President Ferdinand J. Bohn at the tenth annual dinner given last evening at the Alexandria. There were 100 guests, just twice the number of last year, indicating the development of the twenty-month period.

Leroy M. Edwards, was toastmaster and brief addresses were made by the president, by Judge Robert M. Clark, and by several of the district managers. In the course of which some interesting figures were brought out.

It appears that in the Los Angeles district more gas is distributed than in all the rest of the State combined. In 1931 the company, which operates in suburban and rural districts, added more than 19,000 new meters, and \$1,800,000 was spent for extensions and improvements. Gross earnings were \$4,181,039.80 as against \$3,649,386.77 in 1930, or a gain of 14.5 percent, while the net earnings for the year were \$1,345,685.94, or 46.1 percent. Net earnings increased \$147,110 over 1930.

The projected stock offering made last summer has found ready sale and the entire issue of \$1,500,000 will soon be sold, a large percentage of it to employees and customers of the corporation. The demand for greater capacity and additional equipment continues and the 1932 budget provides for large expenditures to meet an expected peak far in advance of that of 1931.

Among the items is a 2,000,000 cubic foot holder to provide additional supply for the Santa Monica Bay district. This will cost \$145,000, and the total Santa Monica Bay expenditure will be \$238,000. In the Orange County district, \$26,750; Whittier, \$60,000; Pomona, \$32,000; Norwalk, \$50,000; Los Beach, \$55,000; Santa Barbara, \$50,000; Ventura, \$31,000. These items are merely for betterments and improvements and are in addition to \$600,000 which will be spent for normal extensions and new business.

Advances of 20 cents a barrel on family, graham and whole wheat flour were announced yesterday by the Capitol Milling Company. Family flour is now selling for \$7.50 a barrel. Pastry flour, 20 cents, and feed wheat, 10 cents, were advanced. Certain cereals, including farina, Nutrina and cracked wheat, were advanced 10 cents a barrel.

ALFALFA MARKET.
Last week's stormy weather interrupted the hauling and shipping of alfalfa hay and arrivals in central and local markets were cut down considerably, according to the alfalfa market letter issued yesterday by the California Alfalfa Growers' Exchange. These reduced receipts kept the demand ahead of the current supply and prices continue firm. Prevailing prices in this district were \$25 a ton for No. 1 dry stock, and \$20 for standard alfalfa. There were 1600 tons of grain and alfalfa hay received on the local track during the weekend of February 4 and 5 and 250 tons were held over.

SHELL UNION FORMED.
The Corporation Trust Company of America has placed on file with the Delaware Secretary of State a certificate of incorporation of the Shell Union Oil Corporation, with a capitalization of 10,000 shares, no par value. It is understood that the company was formed to take over the Union Oil Company of Delaware.

MEXICAN OIL.
In the last four months production of oil by the Mexican (Continued on Twelfth Page.)

STERLING AGAIN LEADS.

Foreign Exchange and Grain Markets Hold Center of Stage; Industrial Shares Are Weak.

BY ALEXANDER DANA NOYES.

NEW YORK, Feb. 8.—Foreign exchange and the grain markets again held the center of the stage today, diverting attention from a somewhat reactionary stock market and from a bond market whose trend was toward fractional advances. Sterling again led the upward movement of the foreign exchanges, reaching \$4.34 1/2, as against Tuesday's high mark of \$4.34.

It is not without interest to note that at today's highest rate, \$4.34 1/2, the pound is at a level nearly three-fourths of the extreme decline which occurred between August, 1931, and February, 1932.

FRANCIS ADVANCE.
But today's advance was by no means confined to sterling. Exchange on Paris rose nearly 1/2 cent, the franc began to lead, and most of the other major currencies showed a low figure and nearly 1 cent above the rate touched in the early weeks of 1931.

As yet no European rate except that on Switzerland has stood as high as it was in 1931. The exchange on Holland, Sweden and Denmark went beyond the highest rates quoted since 1919: the Swedish crown, at \$4.10, leading within a month of the franc, and the Danish mark, at \$4.66, par since April of 1931, although while the United States was at war the exchange on Holland, Spain and Roumania went to actual premium. It may perhaps be said that today's action of exchange rates emphasized the fact that the change in the international financial position is affecting not England alone, but all of the really solvent states of Europe.

INDUSTRIAL SHARES WEAK.
Industrial shares on the stock

INCOME TAX FACTS.

Certain items of income are specifically exempt from taxation under the revenue act of 1921. Among them are the following: Proceeds of life insurance policies paid upon the death of the insured. Return of premiums on life insurance, endowment, and annuity contracts. Amounts received through accident or health insurance, or under workmen's compensation act, plus the amount of any damages received, either by suit or agreement.

Interest on securities issued under the provisions of the Federal Farm Loan Act of July 17, 1916. Interest on the obligation of a State or Territory, or any city, town, county or village, and the District of Columbia, interest on obligations of the United States (Liberty bonds, etc.) and bonds issued by the War Finance Corporation is exempt from taxation except that interest on such obligations issued after Sept. 1, 1917 (other than postal savings certificates of deposit), is exempt only to the extent provided in the respective acts authorizing the issuance thereof.

SILVER QUOTATIONS.
NEW YORK, Feb. 8.—Silver was 53 1/2 cents; Mexican dollar, 53 1/2 cents; London, 2 shillings 6 pence; Mexico, 2 pence.

The Testimony of Age

AGE in itself does not necessarily mean safety, but age combined with honorable reputation and stable assets warrants confidence on the part of investors.

Theo. H. Davies & Company, Limited, enjoys the business respect of associates and competitors in its field of activities. Three-quarters of a century ago this Company was only a small merchandise business. Today it has an organization world-wide in scope and derives its earnings from many industries such as: Wholesale business in groceries, dry goods and hardware; Agency Commissions for sugar plantations; Operation of Honolulu Iron Works; General insurance business, and has a substantial income

from dividends received in number of Companies in which owns stock.

The 7% Collateralized year Gold Bonds, issued by Theo. H. Davies & Company, Limited, have a total property value of over \$1,000,000 to support the \$2,500,000. Notwithstanding all taxes for the past years, were over 4 1/2 percent interest on these bonds.

Consider these bonds for investment of your funds. 99 1/2% and interest to 7%. Send for literature today.

Stretching Down Through California

Over the great heart of California stretches the San Joaquin Valley.

Its seven great counties total a sixth of the land area of the State. The energy for its farms, the light for its homes and the power for its pumps come alone from the great San Joaquin and Power Corporation. We are proud to add to the financing of this plant of hydro-electricity.

We offer, and recommend as a sound investment, Cumulative Prior Preferred Stock of the San Joaquin and Power Corporation. Net earnings, which have been available for dividends on this stock for the years 1910 and 1921, averaged FOUR TIMES the 7% dividend total issue of stock. The value of the equity security of Prior Preferred Stock is equivalent to \$250 per share as measured by market quotations on this and other securities now outstanding.

Price 98 1/2, Netting Over 7.10%
This stock is tax exempt in California and from Federal Normal Income Tax. Dividends payable quarterly.

BONDS

THE largest sugar refinery in the world is located on the Straits of Carquinez, in the town of Crockett, San Francisco Bay, California. This great steel and concrete structure, equipped with the most modern and efficient machinery known in the sugar world today (operating on a toll basis, without any speculative liability), represents a portion of the large property values which secure an issue of \$7,000,000 of

FIRST MORTGAGE 7% GOLD BONDS

of the California & Hawaiian Sugar Refining Corporation

This corporation is operating under a contract with the Hawaiian Sugar Companies, whose aggregate net worth is in excess of \$100,000,000. This is one of the most attractive industrial offerings of recent months. One-half of this \$7,000,000 bond issue has already been subscribed by the company's shareholders, and the remainder almost entirely taken by the public within 24 hours of the initial offering.

We have a small amount of these bonds available for individual investors. Telephone Broadway 75.

Municipal Bonds for All Purposes

R. H. Moulton & Company specialize in Municipal Bonds to fulfill specific needs of certain customers. Trust companies and banks buy Municipals because of their inherent safety and exceptional stability. Large investors buy them principally because of their safety and exemption from taxation. Others prefer Municipal Bonds because of their assurance of protection and general freedom from care.

Investors who have hitherto confined their holdings to corporate securities are becoming aware of the profitable returns from high grade Municipal Bonds held over a number of years. This profit is measured not alone by greater net return after taxes, but through stability of value, surety of payment and freedom from care and worry in the hands of the buyer.

Bonds for Safe Investment

During the past thirty-nine years, the officers and directors of this bank have selected and purchased, after careful investigation, over four billion dollars of bonds, which have been sold to a constantly growing list of conservative clients. In buying of this institution, the investor secures the benefit of the extensive experience and trained judgment gained through the selection of this large amount of safe investments.

This bank limits its purchases to those deemed suitable for its own investment and sells only securities to its clients. We shall be pleased to submit detailed offerings at any time.

DAILY TALK ON TRADE, FINANCE

(Continued from Eighth Page.)

Petroleum Company, according to an estimate made yesterday by Down Jones, has established a daily average of 225,000 barrels, which is only 10 per cent less than the record output.

There are days when interruption of tanker movement causes runs to be reduced but as for the period is at the rate of more than 10,000,000 barrels a year, a record that is not even approached by any other oil company in the world.

As a result of that output which is coming largely out of Toteo Cerro Azul there has been a great accumulation of profits. Recent and current earnings show a yearly rate of \$100 a share gross on its \$45,000,000 common stock. What the net will be will depend on taxes to a large extent.

A.L.B. MEETING.

Members of the American Institute of Banking will meet tomorrow evening in the Red Room of the City Club. A discussion of trusts and trust companies occupies the leading position on the program.

A. L. Lathrop, vice-president and trust officer of the Union Bank & Trust Company, will preside over the meeting. The following topics concerning the details of trust department work will be discussed: "Corporate Bond Issue," by J. H. Roseberry, vice-president and trust officer of the Security Trust & Savings Bank; "Living Trusts," by J. M. Veenhuizen, vice-president and trust officer of the Security Trust & Savings Bank; "Testamentary Trusts," by Bruce H. Grigsby, secretary of the Los Angeles Trust & Savings Bank; "Life Insurance Trusts," by C. S. James, vice-president and trust officer of the Los Angeles Trust & Savings Bank.

Chairman Fordney favors raising the soldier bonus by a tax on the open market sales of stocks and bonds, no additional tax on transfers, tax on real estate transfers and an increase of 1 cent in letter postage.

Textile strike in New England is spreading, and twenty-three Rhode Island plants are now closed.

President Wood of the American Woolen Company says that wages for the coming season will not be reduced.

Lincoln Motor stock has been removed from the Detroit Stock Exchange. This action was taken because the \$10,000,000 paid for plant by Ford is insufficient to pay the liabilities and leaves nothing for the stockholders.

President Storey of the Santa Fe Company said the company will need to do any financing to provide money for improvements and betterments aggregating \$33,000,000 this year.

Custom-house receipts in New York yesterday totaled \$1,468,268, the highest day's business in more than a year.

Average price twenty industrial, \$23.35, off .32; twenty rails, 73.25, off .32.

BOWLES HEADS NEW BANK IN MODESTO.

MODESTO, Feb. 8.—P. E. Bowles, president of the American National Bank of San Francisco and the First National and First Savings Banks of Oakland, today was elected president and chairman of the board of directors of the new Stanislaus County Bank.

The new institution is capitalized at \$100,000 and will open for business February 20.

CALIFORNIA HIDE MARKET.

Quotations for stock delivered to their warehouses for the twenty-four hours ending Feb. 8, 1950, as follows:

| Item | Price |
|---|-------|

Green hides—No. 1 steers, 14 to 16 lbs. per lb. 1.10; No. 2 steers, 14 to 16 lbs. per lb. 1.05; No. 3 steers, 14 to 16 lbs. per lb. 1.00.

ROW IN BOARD GRIPS INTEREST.

City Hall Stirred Over
Clash About Harbor.

Resignation Question Up at
Council Session.

Commissioners Stand Firm
Against Mayor.

Mayor Cryer's clash with the majority members of the Board of Harbor Commissioners continued to be the one subject of discussion at the City Hall yesterday.

This followed as a result of Commissioner Kibbe's resignation, which City Attorney Stephens resigned given to Mr. McKee last October was ineffective.

A look at the pained annoyance sweeps across the Mayor's face every time he thinks of Harbor Commission and commissioners interested in harbor development tell him that they were not for the fact that a clean "sweep-out" of all three commissioners would create a great hubbub and upset conditions generally, the Mayor would be in favor of all three commissioners resigning.

Commissioner Richards says that he will not resign until the Chamber of Commerce and business and shipping men interested in harbor development tell him that they desire him to quit. Commissioner Kibbe takes the same stand as Commissioner Richards.

President McKee said yesterday: "I'll quit any time the Mayor asks me to do so. It is not true that Mayor Cryer or Kent Parr or anyone else has my written resignation or has had it since I was appointed. I simply told the Mayor when I was appointed that any time he was dissatisfied with my work, he could have my resignation without a word from me."

The City Council took a whirl at the harbor department "resignation" situation yesterday, when Mayor Richards asked the City Attorney Whitehead if it lies in the power of the Council to enact an ordinance making it illegal for a city official or a person about to be appointed to be required by any other city official to resign.

City Attorney Whitehead said that in view of the Harbor Board situation, it might be well for the Council to enact an ordinance making it illegal for a city official or a person about to be appointed to be required by any other city official to resign.

City Attorney Whitehead said that in view of the Harbor Board situation, it might be well for the Council to enact an ordinance making it illegal for a city official or a person about to be appointed to be required by any other city official to resign.

MABEL NORMAND LETTERS FOUND IN DEATH HOUSE.

Dainty Kerchief With the Initials "M.M.M." Also Discovered in Slain Director's Home.

Mabel Normand's missing letters to William Desmond Taylor, slain film director, have been found. A dainty handkerchief with the initials "M.M.M." in a corner—apparently a keepsake of Mr. Taylor—also has been recovered.

The letters, about which an investigation has been conducted for several days, were written by the famous screen actress during her friendship with the noted director, who had directed such stars as Mary Miles Minter, Mary Pickford, Betty Compson and others.

Miss Normand has attempted to recover these letters, which she stated were in the possession of Mr. Taylor before his murder a week ago Wednesday night shortly after Miss Normand left his home. The officers have made every effort to find them.

Yesterday the police search was rewarded when a packet of letters, admittedly written by Miss Normand, was found in a box in Mr. Taylor's closet. The find was made during a search of the place by Captain of Detectives Adams and his aide, Detective Sergeant Cahill, Herman Cline, Cato and Murphy.

Charles Eytan, manager of the Famous Players-Lasky studio, to whom Mr. Taylor was under a two-year contract, said last night that he was at the house when the letters were found, but was not present in the upstairs room when the actual discovery was made.

E. C. Jessemund, proprietor of the apartment court in which Mr. Taylor lived, was present. Mr. Eytan said, the letters comprised a large packet and from statements made by Chief Dep. Dist. Atty. Doran yesterday it was understood the District Attorney's office came into possession of them.

Miss Normand was an intimate friend of Mr. Taylor and during times when she was in New York City, he was here she wrote to him, she said, in explaining her desire to get the letters. She stated she wished to have them because she feared that some of the terms used in them might be misconstrued, although she and Mr. Taylor understood there was no serious love affair.

The handkerchief, which was kept among other personal effects of Mr. Taylor, was found by Henry Peavey, negro houseman, who found his employer's body last Thursday morning.

"Here's the handkerchief you boys been bothering about," Peavey says he announced. It was taken from him by the detectives and placed with the other personal effects.

Among those in the Warner home at the time of the shooting were Mrs. Warner and Lila Wiley, who was said to have acted in the film. A woman named Lila Wiley was reported arrested with Collins.

Miss Wiley and F. T. Boylan, who were sought by police for several days after the shooting, later surrendered, and testified before the grand jury.

Collins' most recent exploit occurred in Philadelphia last December when government agents seized him on a charge of bringing the liquor-laden submarine chaser Nomad from the Bahamas. Five women accompanied him on the voyage.

Collins posed as J. H. R. Cromwell, a son of Mr. and Mrs. E. T. Stensbury. Federal agents seized the Nomad at Camden. Several members of Collins' band, who, police said, have operated all over the United States, were indicted at the time in Trenton for liquor smuggling.

Papers and letters confiscated on the Nomad after Collins and the crew had deserted the craft showed, the government agents said, that the run-running syndicate involved scores of persons in New York, Chicago, Cleveland and Boston.

MIAMI (Fla.) Feb. 8.—Miami city police have no knowledge of the purported arrest here yesterday of Dan Collins, ex-convict and New York tenderloin habitué, in connection with the murder of William Desmond Taylor, Hollywood motion-picture director, as reported in New York dispatches. The police are holding for Los Angeles authorities Tom Ferrendes, alias White, wanted for embezzlement, and he is believed here that the arrest of Ferrendes may have caused the erroneous report.

BROTHER WAS GOLFER.
New York Club Records Contain Name of D. G. Tanner.

NEW YORK, Feb. 8.—Investigation of eastern angles of the Taylor mystery tonight developed the fact that Dennis Deane-Tanner, younger brother of the slain man, was formerly a member of the Dunwoody Golf Club of Yonkers. The club's membership roll of 1911 shows the name of "D. G. Tanner" and gave his address as the A. S. Vernal Company, where Dennis had worked as manager of the antique shop. Although a member of the club for slightly more than a year, Dennis Tanner was said to have made many friends through regular week-end golf playing and attending the Saturday night dances, accompanied by his wife.

Dennis Deane-Tanner's disappearance in 1912 provided a mystery equalled only by that of his brother, who turned up after many adventures as William Desmond Taylor, motion-picture director.

Examining Personal Effects of Dead Film Director.

Deputy Public Administrator L. P. Waterman, looking over canceled film checks and other things belonging to William Desmond Taylor to ascertain his assets. The property consists of bank books, including one of a New York bank, bills, greetings from cinema admirers, silver-backed toilet articles, a Luger gun (shown in the foreground) with a detachable mount and a handsome case.

SLAIN MAN'S ESTATE TO BE CHECKED

Possessions of Late Film Director Are Taken Over by Public Administrator.

Public Administrator Bryson, together with several deputies, early yesterday morning went to the William Desmond Taylor murder house to remove the slain film man's personal effects that the estate might be settled.

Mr. Bryson stated that there were no papers of material interest in those that he took. He stated that the police and the District Attorney had been through them prior to his office taking charge, and any papers of value were removed by them.

The estate, Mr. Bryson stated, would not total more than \$20,000, unless unknown vault slips or bank accounts are unearthed. It is believed that there is an unknown sum in a large New York bank, but investigators thus far have failed to reveal it, he stated.

In Mr. Taylor's effects are several hundred canceled checks. Many of them are for loans and are indorsed with names prominent in the motion-picture world. Bills both paid and unpaid were found. Deputy Public Administrator L. P. Waterman went through them, and other personal effects of Mr. Taylor, yesterday, but found nothing of moment, he stated.

No word has been received concerning the disposition of the valuable and they will be kept in storage until the entire estate can be checked up. As no other heirs are in evidence, Mr. Bryson stated that Mr. Taylor's daughter, Edith Daisy Deane-Tanner, will be the recipient.

There were no developments tonight in the search for a reputed brother of Sands, reported to have moved from Los Angeles to San Rafael, Cal., recently.

CENTRALIZES TAYLOR CASE.

District Attorney Will Begin Sweeping Inquiry Into Mystery; To Call Filmland Leaders.

Every circumstance connected with the murder a week ago of William Desmond Taylor, film director, will fall today under a sweeping investigation by the District Attorney's office, when a centralized effort will be made to break down what was yesterday declared to be a conspiracy of silence on the part of motion-picture folk concerning details that are believed to be essential to the solution of the mystery.

Mr. Douglas MacLean, a neighbor who saw a man leave the Taylor apartment within a few minutes after she heard a pistol shot, will be among those questioned. Other witnesses include Mabel Normand, last friend to see Mr. Taylor alive; Mary Miles Minter, whose love and strong admiration for the director, had not been denied by her; Claire Windsor, a new friend of the slain man; Neva Gerber, formerly a close friend of his, and such material witnesses as Henry Peavey, who found the body; Howard Fellows, chauffeur for the director, and neighbors in the apartment court.

In connection with the inquiry by the District Attorney's office, much documentary evidence has been submitted to Chief Dep. Dist. Atty. Doran.

Among these documents, it is believed, are the letters of Mabel Normand and the letters of the slain man's daughter, Edith Daisy Tanner, whose existence was unknown to most of the film man's friends. Miss Normand's letters were found in a box at the house yesterday.

Chief Dep. Dist. Atty. Doran late in the day admitted his office will undertake today to start a most thorough inquiry into the entire situation.

This decision was reached following a conference of all official investigators on the case, including the men of the police detective bureau, the Sheriff's office and the District Attorney's office.

Motion-picture people, from the highest to the humblest, are included in the list of persons whose statements will be taken. Charles Eytan, general manager

NEW CAR DID HAVE SPEED.

Fast Machine Lands Its Owner in Jail for Fifteen Days.

James Rawson had a new car and wanted to test its speed, he told Justice Hanby yesterday. He did. He found it went fast enough to land him in the County Jail for fifteen days.

The court was told that Rawson had made the new car go varying speeds from forty to sixty miles an hour. This, it was decided by the court, was sufficient and he sent Rawson to jail for fifteen days.

William McFarland was fined \$100 for going fifty miles an hour on Long Beach Boulevard. M. L. Walker, accused of a second offense of speeding, was fined \$50.

The court assessed various fines, totaling \$2150.

WATCH SHIPS TO BAR ESCAPE OF SANDS.

SAN FRANCISCO, Feb. 8.—Police authorities here are keeping a close check on steamship passengers leaving this port to frustrate, they said, any attempt on the part of Edward Sands, former brother of William Desmond Taylor, slain film director, from sailing across the Pacific. Authorities believe he may attempt to get to the Far East by steamer from San Francisco.

There were no developments tonight in the search for a reputed brother of Sands, reported to have moved from Los Angeles to San Rafael, Cal., recently.

PASS SHOWS TAYLOR WAS LIEUTENANT

British Army Papers and Records Found at Home of Slain Cinema Man.

Army records and papers found yesterday in the home of William D. Taylor, according to officials of the Lasky company, prove that the murdered motion-picture director was at least a lieutenant in the British forces.

Among the army records found, a pass of leave from duty in Dublin, dated April 4, 1913, shows that William D. Taylor was at that time a lieutenant in the British army.

An embarkation ticket bearing the name of William D. Taylor, according to the Lasky officials, shows that the director was a lieutenant, and also shows the army number F-5879, and regiment E.F.C. R.A.S.C.

It is further stated that Mr. Taylor was discharged with the rank of captain.

Efforts to trace Mr. Taylor's army record are now being made in London.

MASONIC CLUB MEETS.

Exceptional Program Is Enjoyed by "Times" Organization.

The February meeting of The Times Masonic Club, held in the assembly room of The Times Building last night, was attended by a large representative of the membership, who enjoyed a most exceptional program.

The Zoellner String Quartet, in their first appearance at one of the finest organizations of its kind, played three highly-appreciated pieces. Through the courtesy of Ed Grauman, the Pacific Four and the Billbrow Quartet sang popular songs that pleased the audience.

A buffet luncheon followed the program.

PIONEER WOMAN DIES.

Mrs. Henrietta Emminger Lived Here Thirty Years.

Mrs. Henrietta Emminger, aged 84 years, a resident of Los Angeles for more than thirty years, died yesterday after an illness of five days at the home of her daughter, Miss Julia E. Kramer, with whom she has been living at 1138 Sontosa street. Beside her daughter, Mrs. Emminger leaves four sons, William M. George, Henry J. and Philip Kramer, all of whom are well known in connection with the Kramer dancing studios of this city.

Funeral services will be conducted tomorrow at 2 p.m. at the funeral parlors of the Riedeman Company, Sixteenth and Main streets. Interment will be at Rose-dale.

SOUTHLAND IS FACING FLOOD.

Warm Rain and Melting Snow Swell Streams. Showers Forecast for Today; Storm is General.

City Fall More Than Twice That of Last Year.

Following are comparative figures on the rainfall in inches up to last night:

| Station | From Nov. 1 to date | From Nov. 1 to date last year |
|-----------------|---------------------|-------------------------------|
| Los Angeles | 1.23 | 15.08 |
| San Francisco | 1.23 | 15.08 |
| San Diego | 1.23 | 15.08 |
| San Jose | 1.23 | 15.08 |
| San Antonio | 1.23 | 15.08 |
| San Bernardino | 1.23 | 15.08 |
| San Luis Obispo | 1.23 | 15.08 |
| San Francisco | 1.23 | 15.08 |
| San Diego | 1.23 | 15.08 |
| San Jose | 1.23 | 15.08 |
| San Antonio | 1.23 | 15.08 |
| San Bernardino | 1.23 | 15.08 |
| San Luis Obispo | 1.23 | 15.08 |
| San Francisco | 1.23 | 15.08 |
| San Diego | 1.23 | 15.08 |
| San Jose | 1.23 | 15.08 |
| San Antonio | 1.23 | 15.08 |
| San Bernardino | 1.23 | 15.08 |
| San Luis Obispo | 1.23 | 15.08 |

With the heavy snow which fell in the mountains ten days ago melting off with startling rapidity under the influence of the warm rain, which had continued for thirty hours, Southern California last night faced possible flood conditions today, county authorities stated.

At 5 p.m. yesterday this city had received 1.23 inches of rain, making 15.08 for the season, compared to 6.18 inches last year.

From half a dozen districts came the warning that streams were being swollen by snow water and were rapidly climbing toward flood stage. Meanwhile weather bureau attaches expressed the opinion that showers would continue through today and possibly well into the night.

Col. H. B. Harvey, meteorologist in charge of the local Weather Bureau, announced that the storm reaches from Canada to the Mexican border. He stated yesterday at 5 p.m. that he thought it might continue for another thirty-six hours.

Southern California has more snow in the mountains now than has been seen here for ten years, and the warm rain started it melting rapidly yesterday.

Redlands reported nearly an inch of rain, and there was said to be a great increase in the volume of water passing down the streams near there, because of melting snow.

San Bernardino reports were (Continued on Fifth Page.)

PIONEER IN LUMBERING TRADE DIES.

Christian Ganahl, Head of Company, Passes Away After Week's Illness.

Christian Ganahl, head of the C. Ganahl Lumber Company, one of the oldest lumber concerns here, died yesterday at his residence, 1924 South Grand avenue, following a week's illness. Bronchial pneumonia is given as the cause of death.

Mr. Ganahl was born in May, 1856, in Schruns, Province of Vorarlberg, Austria. He came to this country in 1884, settling in St. Louis, Mo., where he engaged in the leather and lumber business. He came here in 1914 and bought out the John Bryson Company, having lumber yards in First street. The firm successively was known as Schlegel-Ganahl Lumber Company and the C. Ganahl Lumber Company, the last incorporated in 1913. The firm now has eight branches, conducting a wholesale and retail business.

Mr. Ganahl leaves six children: Eugene F. and C. C. Ganahl, in this country in 1884, settling in St. Louis, Mo., where he engaged in the leather and lumber business. He came here in 1914 and bought out the John Bryson Company, having lumber yards in First street. The firm successively was known as Schlegel-Ganahl Lumber Company and the C. Ganahl Lumber Company, the last incorporated in 1913. The firm now has eight branches, conducting a wholesale and retail business.

Mr. Ganahl was a member of St. Vincent's Parish.

Mary Contrary Again; Wedding is Postponed.

CHICAGO, Feb. 8.—Mary, Mary, quite contrary!

Mary Landon Baker, bride-to-be of Allan McCormick, whose dramatic marriage postponement started society tongues wagging as they never have before in Chicago's social history, will not sail on the Aquatuna, February 13, as originally announced.

At the time Miss Baker stepped into her train compartment as she left for Los Angeles, she committed to a reporter that she would not leave to join her future husband in England at that time.

Confirmation of the decision was made by L. Hamilton McCormick, father of Allan, today.

Miss Baker is at present with her parents, Mr. and Mrs. A. J. Baker, at Cedar Cottage, in the millionaire colony at Montecito, near Santa Barbara. Plans had been announced for an early March wedding at the home of Allan's brother, George, at St. George's Hill, near London.

STAMPS ARE STOLEN.

Thieves entered postoffice substation No. 6 at 2413 Whittier Boulevard, and stole about \$50 worth of stamps and supplies yesterday. The clerk in charge is O. L. Cole, who has a drug store in the room.

Lester Donahue

Pianist and Estelle Heartt Dreyfus

FLEET'S TITLE BOUTS TONIGHT.

EXCLUSIVE DISPATCH.

LOS ANGELES HARBOR,

Feb. 8.—Rain or no rain, the

title boxing and wrestling

bouts, postponed from Tues-

day night, will be held to-

morrow night aboard the

U.S.S. California. A mam-

moth top tent has been se-

cured from the Al G. Barnes

circus, wintering here, and

will be placed atop the quar-

terdeck, where 10,000 gobs

from the Pacific Fleet will

be in attendance.

HERD TO PERFORM ON COURT.

Former Caltek Net Expert

Entered in L. A. Tennis

Club's Tournament.

Scrappy competition is pre-

dicted in the men's singles

division of the Los Angeles

Tennis Club's annual winter

tournament, which opens on

the 15th inst. To date a flash

bunch of racket-swingers

has signed up to battle

for honors on the club's

cement rectangles, and

some fifty playing is on

tap before any trophies

are won.

Cliff Herd, former Caltek

star, will be a big obstacle

in the way of aspiring

net heros. Herd won the

Chicago city championship

last season against formidable

opposition, and is considered

a strong contender for laurels

in the coming tourney.

Paired with Alrick Mann, Herd

will also compete in the

double division. Here he

will have to meet such

teams as McLaughlin

and Brown, Ferrandini

and Beale, and Green and

Welch. More thrills are

expected by the fans in

this section of the doings.

Lauria, the women's

division will be contested

for by Mrs. William M.

Henry, Miss Jessie

Greene and Miss Caroline

Bryant, while each of these

fair performers will

team up with a partner

for the mixed doubles.

DECLINE BEARS' INVITATION

[BY A. P. NIGHT WIRE.]

MADISON (Wis.) Feb. 8.—The

University of Wisconsin last

night declined the invitation

of the University of California

to participate in an intersec-

tional track meet at Berkeley

on April 15. The athletic

council gave as the reason

for its action the desire to

curb "exploitation of ath-

letics," which is resulting in

a "plethora of intersec-

tional contests which has

turned college faculties

against a predominance of

athletics in school life."

"Wisconsin and Minnesota

have always maintained a

conservative attitude on the

question of post-season and

intersec-

tional contests," one mem-

ber of the council said. "We

wish to find how other mem-

bers of the conference feel

with regard to it and bring

the matter to a head."

LARGE ENTRY LIST.

(BY A. P. NIGHT WIRE.)
T. H. EDO (O.) Feb. 8.—The official entry in the American Bowling Congress tournament to start here February 27 is 1275, according to an announcement today.

Fight on Revival of Draft Rule.

JOINT SESSION MAY BE CALLED.

Yankee Deal for Veach is
Declared Off.

American League Magnates
Receive Schedule.

Players to be Awarded Cash
as Merit Reward.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Feb. 8.—The proposed player deal between the Detroit and New York clubs, by which the Yankees would obtain outfielder Veach in exchange for some infield talent, desired by the Tigers, has been abandoned. Manager Cobb of the Detroit club announced tonight after the adjournment of the schedule meeting of the club owners of the American League.

The Yankee owners, he said, declined to enter any proposition involving Shortstop Scott and the Detroit club was unwilling to consider any other player New York was willing to give up for Veach. The magnates were in session for three hours much of the time being spent in discussing plans to effect a restoration of the draft. No definite decision was reached. Whether there shall be a joint meeting with the National League, it was announced, will be determined later if it develops that the advisory council cannot amicably adjust the differences between the majors and the five dissenting minor leagues.

Aside from the presentation of the playing dates for this year and the adoption of a memorial to Benjamin F. Shibe, president of the Philadelphia club, who died recently, the only action taken was in deciding to make an award of prize at the end of each season "to the player who has been of greatest value to his team on the basis of performances on the diamond and conduct off of the field." This, it was explained, is a revival of the Chalmers trophy idea, discontinued about ten years ago. The cost of the memorial for the award was fixed at \$1000. Playing managers will not be eligible for the award.

The club owners were received at the White House today by President Harding.

TIJUANA RESULTS.

(EXCLUSIVE DISPATCH.)
SAN DIEGO, Feb. 8.—Wedding Prince and Captain Glover, Derby candidates, fought it out in the fifth race at Tijuana today, the former winning by a nose when Captain Glover stumbled near the wire. Woodie Montgomery, which was backed to odds-on, tired badly and barely managed to get into third place. Canine at a fairly price captured the fourth race, in game fashion, closing a big gap after getting away badly taking the lead near the wire. Jake Schas came to life again and galloped down the stretch an easy winner in the sixth. He was the longest priced of the four horses entered.

In addition to running a match race Saturday afternoon with Lantieri, Motor Cop will be a starter in the \$10,000 Baja Handicap Sunday. This announcement was made after Motor Cop was worked a mile and one-sixteenth in a manner highly satisfactory to his owner. A carload of horses arrived this morning from New Orleans. Included among them was Mulchier, a high-class handicap horse that raced with great success as a two-year-old in the New York track and that is entered for all of the Tijuana stakes. Other horses in the car were: Boss Wing, Harry

O'BRIEN'S HOPES SHATTERED.

(EXCLUSIVE DISPATCH.)
NEW YORK, Feb. 8.—John O'Brien is satisfied that picking off heavyweight champions is a most difficult pastime. Just about the time that the half-heavyweight manager thinks he has plucked off the man who is going to give Jack Dempsey the roughest time of his life, then along comes one and wrecks his whole damaged program. O'Brien had nursed along that gigantic boxer, Tarsan Larkin, and had his mind all set on springing a genuine surprise on the gang. But what happened? Sumpin' more horrible than John ever hopes to see again.

They go out and grab Tarsan a sparring mate the other day, but they don't exercise very good judgment in the matter and when O'Brien learns about it they have Larkin buckled in with a fellow by the name of Sailor Maxted.

Next thing they do is get Tarsan and the sailor shooting at each other in the Pioneer Club last Tuesday night, and afore John O'Brien can interfere in the matter they have knocked his big fighter Tarsan flatter than a glass of home brew.

ANTICAMBLING MEASURE KILLED.

(BY A. P. NIGHT WIRE.)
FRANKFORT (Ky.) Feb. 8.—A bill to prohibit race track gambling was killed in the Kentucky Senate today when it voted, 24 to 10, to sustain the unfavorable report submitted by the judiciary committee.

Rudder, Rayney, Juanita, Parke, Kirches Cub, and others. Results: First race, six furlongs—Col. Snyder, won; time, 1:10. Second race, six furlongs—Pascual, won; time, 1:10. Third race, six furlongs—Blair, won; time, 1:10. Fourth race, six furlongs—Blair, won; time, 1:10. Fifth race, six furlongs—Blair, won; time, 1:10. Sixth race, six furlongs—Blair, won; time, 1:10. Seventh race, six furlongs—Blair, won; time, 1:10. Eighth race, six furlongs—Blair, won; time, 1:10. Ninth race, six furlongs—Blair, won; time, 1:10. Tenth race, six furlongs—Blair, won; time, 1:10.

MOORE ILL, FORCED TO CANCEL MATCH.

(EXCLUSIVE DISPATCH.)
CHICAGO, Feb. 8.—Pal Moore, bantamweight, was forced to his bed last night after a hard day's workout in the gym. Pal called a doctor just in time as he was threatened with pneumonia. Moore will be confined to his bed for several days, which forces him to cancel his engagements with Jimmy Kelly aboard the U.S.S. Commodore and a 12-round bout with Tommy Ryan at Louisville on Monday night. It is possible that Bud Taylor, Frankie Schmalzer or Benny Vorel will substitute for Moore on the boat.

HOT SHOTS BY WILLIAMS.

(Continued from First Page.)
Rudolph Valentino, popular film star, dropped into Cline-Cline yesterday afternoon to have his rifle overhauled. Valentino expects to go on a bear hunt in the near future.

It isn't likely that the Warner viewpoint has changed any with his new and added position, or will be influenced by geographical location. Plainly, his system will be substantially the same as at Pittsburgh, and governed by the material.

Warner knows the open game, and knows it thoroughly. In fact, he was one of the first to develop it to a high degree. Back and beyond this he saw years of service in the old game, both as a player and coach. Like most eastern football men, his teams are grounded on the latter, with a superstructure of the lighter element.

He may not bring anything particularly new to the Coast, but he will bring the best which the East has to offer.

It may take a year, possibly two years, to derive maximum results from this policy, but the policy which will rule the football destinies at Stanford for the next several years is not difficult to foresee.

This will be a running attack with a well-developed passing attack held in reserve ready to be launched immediately the former fails to attain its objective.

This to a degree is the reverse of the system at California, where recently the tendency has been to give priority to the passing game, while not overlooking straight football—a policy doubtless due to the fact that the Bears had exceptional talent with which to execute an aerial attack.

President Mater is quoted as saying that in case the Los Angeles club is permitted to build its own park he may have the Tigers play all their games at the Vernon grounds. This might not be as radical a departure as it seems at first thought.

Mater field at Vernon is one of the most modern and complete wooden baseball structures in the country, and is not as far from the center of the city as many major-league parks. "Neither is it farther out than the new site purchased by Wrigley. When the Tigers were first organized, the Thursday games which were played there drew good crowds, and there is hardly a doubt the club would be well patronized should all its games be played there.

Some believe that a complete divorce of interests as between the two southern clubs would be for the best interests of baseball. Joint occupancy of the same park in New York has not proven wholly satisfactory, and was rather resented by the followers of both the Giants and Yankees, and those teams are in separate leagues. The latter are preparing to erect their own plant, and a more wholesome and strictly sporting atmosphere is expected to result.

However, joint occupancy of one well located and fairly accessible modern plant probably would prove more profitable under conditions existing here, and it is probable some such arrangement is contemplated.

That there always will be two teams in this immediate vicinity with continuous baseball is regarded as certain. Five minutes after Wrigley had closed his deal for the Los Angeles club I sounded him on his attitude toward continuous baseball.

He expressed himself as favorable to continuous baseball under recognized and established territorial restrictions.

Anyway, there is no immediate cause for excitement. The present joint lease at Washington Park has four years to run, when it probably will be backed up into business lots, forcing the familiar chant of "Play ball!" into the suburbs.

Personally, we always refuse to worry four years in advance. Next month's bills provide sufficient anxiety for the immediate present.

MERCURY RING BOUTS TONIGHT.

Varsity and Prep Boxers Will
Perform at L.A.A.C.

Martinez and Gatto to Battle
in Feature Attraction.

Fiedl LaBarba Hooks Up
With Benny Marks.

Higher education will be amply represented when the boxing show will be staged tonight in the gymnasium of the Los Angeles Athletic Club. Four of the boys who will help constitute the bill hail from two local high schools and from the Southern Branch of the University of California. Wallace Frost and Phil Haddock will wear the colors of the Southern Branch of the University of California this evening. They are proteges of Irvin Glasser, boxing instructor at that institution and a singular professional boxer. Frost will be pitted against William Zukle, holder of the Southern California amateur featherweight title, while Haddock will face Ad Allierine. These boys are middleweights.

The main event of the evening's card will be contested by Martinez and August Gatto. The latter is Southern California amateur bantam champion, while Martinez is also a top-notch in this division.

What is expected to be one of the perpetrating bouts on the card is the rematching of Fiedl LaBarba and Benny Marks. LaBarba barely nipped out Marks in their last contest and the latter feels he can turn the tables this time. Harvey Parry will also be on the card. His opponent will be Sailor Pontano. Johnny Brannigan will take on Emil Becker, while Kenneth Moffat will clash with Sailor Scholcher. Two hard-fought contests are expected to result when Sailor Mercer faces Ed Redona and Max Spindler swaps blows with Gene Nolan. The bouts will be refereed by Kraus Clark.

Ford THE UNIVERSAL CAR

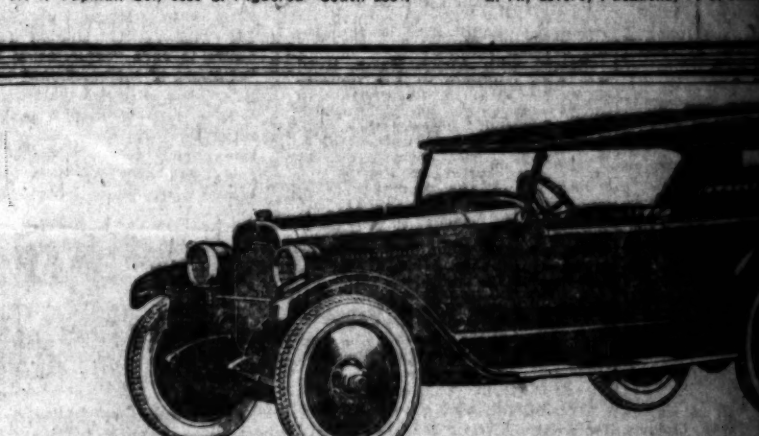

Cut Your Delivery Cost

And remember—the lowest first cost, the lowest upkeep and the highest resale value of any motor car ever built.

Expand your sales zone—reach more customers. Figured from a conceivable standpoint a Ford Chassis, and a body to suit your needs will not only speed up and substantially lower the cost of your delivery and hauling, but it will establish for your business an excellent reputation for promptness and efficiency. New Series Chalmers Six '1545

The high manufacturing standards of the new Chalmers organization reveal themselves in the striking beauty and superior performance qualities of the New Series Chalmers Six.

A year of intensive engineering work resulted not only in a marked advance in six-cylinder ability, but also in the improvement of that ability into this fine car.

POLO TOURNEY DRAWS A DAY'S POSTPONEMENT.

Rain Makes Sod Too Soft for
Game; Players in Great Fettle;
Corrigan's Famous Snarl.

BY ED O'MALLEY.

The big Riverside polo tournament scheduled to begin tomorrow with a clash between Riverside and Denver has been postponed until tomorrow afternoon on account of a good rain which rendered the big field too soft for play. Riverside who had looked forward with impatient expectancy to the opener were sorely disappointed at the postponement, as there is hardly any other fan in sportdom so enthralled as the follower of the mallet wielders.

SPORTING & LIFE

By W. A. PHILSON.

THE SUBSTITUTION OF BOWLING.
Make haste! The office work is done—the punch, the call, you, and, therefore, supper is a lunch.
You make a hurried grab for scattered food. And, having seized it, take a fevered munch.
You hasten to the Alley, where the crowd Great you with Gratuations, long And, as you don your shoes, your Chest expands—
"Tis wonderful to be Popular and Proud!"
You are the Anchor. As your team-mates bowl, A scene of Prayer pervades your valiant soul—
You know that everything is up to You—
The World is waiting, just to see you Roll!

INTERESTING PROBLEMS.
If it took 127 years to build the Pyramids, what chances has George Carpentier in a second fight with Dempsey?
Which was the chancier middle-weight champion, Al McCoy or Johnny Wilson?
Whose turn is it to win the next time Joe Lynch and Pete Herman meet?
Gene Tunney says he has been leading the outdoor life "on a big ranch in New Jersey." Next we'll be hearing about the boundless cattle ranges of Rhode Island and the majestic solitudes of Delaware.
A few more weeks, and from the southern brakes Will come the sound of clanged and mangled steaks—
YOUNG—
And the bold players, as they eat, will howl, Order some more—and yowl, and kick, and growl!
Belts on trousers and hats on the head—
Kid Gleason sure has hard sailing ahead!

POWERS SPOIL GOLFERS' DATE.

Among other interesting data in the census of 1920 is a column showing that the number of men who discovered Walter Johnson dwindled from 97,444 to 85,763 since the census of 1910 was taken.
O'DOWD WHIPS DYSON.
(BY A. P. NIGHT WIRE)
COLUMBUS (O.) Feb. 8.—Eddie O'Dowd, Columbus bantamweight, won the judge's decision over Bobby Dyson of New Bedford, Mass., in a twelve-round bout to night.

"Tight" Shares His Breakfast Fifty-Fifty!

Can You Think of an Idea as Funny or Funnier Than This? If So, Send It in and Win a Cash Prize.
Starting every Friday and ending every Thursday, The Times conducts a Wad comic-strip contest. The best idea gets \$10, and next \$5, and all others available \$2 each. Ideas must be original, local, "drawn" and funny. Each picture must be described in words or a rough sketch. Title and dialogue must be supplied. All strips must deal with some member of the Wad family—Cleora Wad, the spinster, Titus Wad, the nickel surfer; Mrs. Spenda Wad, club and society woman; Watt A. Wad, sporty, speeding son; Elva Wad, pretty and frivolous daughter; Gunn Wad, 13-year-old terror; and Cleora Wad, Jr., the baby. Write on one side of paper only. Address all communications to Mr. Wad, care The Times. Anyone may compete and submit as many ideas as desired. No manuscripts or drawings will be returned.

THE GUMPS—A WISH WITH A BACK SPIN

THE KERNEL—O HAPPINESS! WHERE IS THY MIRTH?

READING CHARACTER FROM HANDWRITING.

BY DR. JAMES M. HEADY.

FOURISHES AND ORNAMENTATIONS IN HANDWRITING.
Some people, especially those with natural artistic ability, and particularly teachers of penmanship and those who use their pen frequently and who pride themselves upon their chirography, have practiced handwriting until it has become a work of art. This was more true in the early days than now. However, much can be learned of an individual by his flourishes and ornamentations in his writing.

Dear Dr. Heady: I am very much interested in your character analysis, and herewith enclose.
Ornamentation in writing of a refined and balanced person

This is the writing of a person who has practiced long and carefully, and who takes an especial pride in the effort. The specimen reveals an unusually capable person, but one in whom pride and egotism, and a tendency to be opinionated is well defined. This conclusion is arrived at solely from a study of the capital letters. The remainder of the writing indicates a careful, level-headed, conscientious, firm, dependable person, with constructive, mechanical ability, and a mentality above the average. A person who possesses high ideals, the courage of his conviction, and a well-defined aggressiveness.

Dear Dr. Heady:—
Am writing to ask you whether or not it would be possible to
Flourishes in writing of one vulgar and pretentious

How to Start the Day Wrong—By BRIGGS.

DOZEN CARS STOLEN FROM CITY STREETS.
An even dozen cars were yesterday stolen from the streets of Los Angeles. Anyone seeing any of the following automobiles are urged to call the theft bureau of the Auto Club or police department:
1914 Ford, 1919 Buick, 1920 Ford, 1921 Ford, 1922 Ford, 1923 Ford, 1924 Ford, 1925 Ford, 1926 Ford, 1927 Ford, 1928 Ford, 1929 Ford, 1930 Ford, 1931 Ford, 1932 Ford, 1933 Ford, 1934 Ford, 1935 Ford, 1936 Ford, 1937 Ford, 1938 Ford, 1939 Ford, 1940 Ford, 1941 Ford, 1942 Ford, 1943 Ford, 1944 Ford, 1945 Ford, 1946 Ford, 1947 Ford, 1948 Ford, 1949 Ford, 1950 Ford, 1951 Ford, 1952 Ford, 1953 Ford, 1954 Ford, 1955 Ford, 1956 Ford, 1957 Ford, 1958 Ford, 1959 Ford, 1960 Ford, 1961 Ford, 1962 Ford, 1963 Ford, 1964 Ford, 1965 Ford, 1966 Ford, 1967 Ford, 1968 Ford, 1969 Ford, 1970 Ford, 1971 Ford, RECKLESS DRIVERS JAILED.
Ninety-day sentences for reckless driving were given motor-truck drivers yesterday by Judge Richardson. Moreover, both face charges of violations of the Volstead Act on which they may be tried after serving their sentences in the County Jail.
Louis Frances of 213 North Lorena street, was arrested late Tuesday for speeding his truck at Brooklyn avenue and Cummings street. The traffic officer reported that when he stopped the truck he found a quantity of liquor aboard. The liquor was ordered held for evidence and the case was reported to the Federal enforcement officers. The truck was owned by Daniel Diaz, of 213 North Lorena street.
On this technically might endanger the entire transaction and would necessitate the reprinting of the entire issue, which probably could not be done by February 27, and that there was a possibility that if this stand were maintained, the Council might cancel the purchase agreement with the First Securities Company and re-advertise for bids. The Eastern members of the syndicate, according to word received yesterday by W. E. Mathews, special counsel of the Board of Public Service Commissioners, finally agreed to accept the bonds as printed.
TO SIGN BEST OF BONDS.
After the Council this morning adopted the necessary resolution clearing up technicalities in the purchase agreement, Mayor Cryer will at once commence the task of completing the signing of the bonds. He had signed 6500 of the 12,500 securities, when the present tangle developed. Then he stopped, for there was a possibility that it would be necessary for him to sign a complete release of the bonds. City Clerk Dominguez and City Treasurer Powell have already signed the bonds. The Mayor believes that he can complete his task in three or four days. This will give the city ample time to complete all the necessary details of the transaction before February 27.
The only other obstacle in the way to prevent the First Securities Company from taking over the bonds is the suit filed by C. B. Minter, attacking the validity of the issue. It is believed that this suit will be withdrawn, and when it is, Attorney John C. Thomson of New York has notified the city that he will then forward at once his necessary opinion attesting to the validity of the securities. Should anything develop to prevent the city from making delivery February 27, the First Securities Company will have a continuing option on the bonds under its bid, until the city is prepared to deliver them. Should it be seen that several months may elapse after February 27 before the city is able to deliver the bonds together with the validating opinion of Attorney Thomson, it is probable that the First Securities Company will ask the city to reprint the bonds and to state on the new issue the places of payment of interest and principal, satisfactory to all of those participating in the First Securities Company bid.
City officials are hoping, however, that with the bonds all signed and stamped, the Minter suit will be out of the way by February 27, so that the syndicate can receive the bonds, pay over the cash, and the city can on or before March 1 pay over \$11,000,000 of the proceeds of the sale to the Southern California Edison Company for the purchase of its Los Angeles distributing lines. Any delay in the city's being able to deliver the bonds by March 1 will make it necessary for the city to secure another extension of its present operating agreement with the Southern California Edison Company, and this the city desires to avoid.

DELAYS MANY IN MURDER CASE
(Continued from First Page.)
yesterday, some of whom are sure to be in the final jury. W. L. Stewart, L. E. Gilhouse, J. W. Houghton, A. R. Bueche, Fred Bullock, J. C. West, Mrs. Nina C. Batelle, Mrs. George H. Murdock, A. J. Groves, A. F. Coltrin and F. W. Crockett, making nine men and two women, or eleven in all.
It was stated as a possibility that Selma Cullender, former nurse for Mrs. Obenchain, may be called to refute the charge of conspiracy between Burch and Mrs. Obenchain to encompass the death of Kennedy. The State, from the beginning, expects to take up the burden of proving that there was a conspiracy between Mrs. Obenchain and Burch, while the defense intends to combat this assertion with all forces at the disposal of counsel.
FOR OTHER PURPOSE.
In the possible calling as a witness of the nurse of Mrs. Obenchain the defense intends to try to prove that Burch came to Los Angeles with an entirely different purpose than to kill Kennedy.
They intend to wipe aside with natural human conclusion all evidence relating to the bringing of a shotgun and of Burch's statements that he was coming to Los Angeles to help a friend in need. The telegram, it is understood, will be used to the benefit of the defense in proving that Mrs. Obenchain's statement that she "needed a friend," referred to the nurse, who from her early life had attended her. They intend to prove that Mrs. Obenchain was at the time the message was sent and that it had no other purpose than to have the nurse come to Madalynne's assistance.
Besides, they intend to try to prove that the evidence regarding Burch and Madalynne, which is the office of Kennedy from across the street was the natural consequence of the two coming together and not from any premeditated plan. In addition, it is intended to be brought out that Burch had intended to take a vacation from the city, and that the stress of taking it where he could be near Mrs. Obenchain; that he wired to her and her wife was in reply and that the "friend in need" was in reality the nurse Mrs. Obenchain wished to have at her side.
To go ahead with the trial of Mrs. Obenchain the prosecution must center its first efforts on the question of conspiracy and it was indicated yesterday that this is the intention. It was conceded that the conspiracy must be developed early in the trial and that the whole fight in the beginning must focus upon this question. The prosecution intends, it was understood, to show that Burch came to Los Angeles with the one purpose of doing anything within his power for Mrs. Obenchain; that he brought along a shotgun, and that the murder of Kennedy resulted from the fact that he was the first thing to come out, followed by proof and cause of the death of Kennedy. It was predicted that from 105 to 115 witnesses will be called in the case, from eighty to eighty-five for the prosecution and twenty-five to thirty for the defense, according to the development of testimony.
Elimination of talesmen from the prospective jury yesterday by Judge Reeve indicated that more men than women are opposed to the death penalty and to circumstantial evidence. A large number of the men were excused by the court for two reasons yesterday, a total of thirty-one talesmen of both sexes for the entire three sessions. The peremptory challenge of M. Holbrook of Whittier by the defense left only eleven talesmen in the jury box at court adjournment. Mrs. W. M. Ingles, a member of

RECKLESS DRIVERS JAILED.
Ninety-day sentences for reckless driving were given motor-truck drivers yesterday by Judge Richardson. Moreover, both face charges of violations of the Volstead Act on which they may be tried after serving their sentences in the County Jail.
Louis Frances of 213 North Lorena street, was arrested late Tuesday for speeding his truck at Brooklyn avenue and Cummings street. The traffic officer reported that when he stopped the truck he found a quantity of liquor aboard. The liquor was ordered held for evidence and the case was reported to the Federal enforcement officers. The truck was owned by Daniel Diaz, of 213 North Lorena street.
On this technically might endanger the entire transaction and would necessitate the reprinting of the entire issue, which probably could not be done by February 27, and that there was a possibility that if this stand were maintained, the Council might cancel the purchase agreement with the First Securities Company and re-advertise for bids. The Eastern members of the syndicate, according to word received yesterday by W. E. Mathews, special counsel of the Board of Public Service Commissioners, finally agreed to accept the bonds as printed.
TO SIGN BEST OF BONDS.
After the Council this morning adopted the necessary resolution clearing up technicalities in the purchase agreement, Mayor Cryer will at once commence the task of completing the signing of the bonds. He had signed 6500 of the 12,500 securities, when the present tangle developed. Then he stopped, for there was a possibility that it would be necessary for him to sign a complete release of the bonds. City Clerk Dominguez and City Treasurer Powell have already signed the bonds. The Mayor believes that he can complete his task in three or four days. This will give the city ample time to complete all the necessary details of the transaction before February 27.
The only other obstacle in the way to prevent the First Securities Company from taking over the bonds is the suit filed by C. B. Minter, attacking the validity of the issue. It is believed that this suit will be withdrawn, and when it is, Attorney John C. Thomson of New York has notified the city that he will then forward at once his necessary opinion attesting to the validity of the securities. Should anything develop to prevent the city from making delivery February 27, the First Securities Company will have a continuing option on the bonds under its bid, until the city is prepared to deliver them. RAIN GENERAL IN SOUTHLAND.
(Continued from First Page.)
that snow water from the mountains, and may be expected to get the attention of flood engineers if the precipitation continues for another twenty-four hours.
(BY A. P. NIGHT WIRE.)
SACRAMENTO, Feb. 8.—Hallstones measuring almost a half inch in diameter peppered Sacramento today during one of the most severe storms experienced in Sacramento in many years, according to N. R. Taylor, United States weather observer. The storm was accompanied by torrents of rain, flashes of lightning and peals of thunder. More than a half-inch of hail fell. The storm lasted ten minutes, the precipitation measuring .19 of an inch. In the lower end of the city streets were flooded and water found its way into many basements. No serious damage was reported.

FALSE ARREST SUIT DEMANDS DAMAGES.
James I. Hargraves, who declares he was arrested by Police Officer W. M. Gibson, of Hermosa Beach, without cause and put in jail, demanded \$25,000 damages against Mr. Gibson and the city of Hermosa Beach for purported false arrest in a suit filed yesterday in the Superior Court. He says he was released from jail without a hearing and that as a result of his arrest, his nervous system has become affected.

DEFENSE WINS POINT.
Officials Declare Belief Slayer Was Insane.
The defense in the case of Mrs. Julia Lee Johnstone, accused of the murder of her husband, Thomas P. Johnstone, scored a victory yesterday in Judge Avery's court when county officers on the witness stand stated that in their opinion the accused was insane at the time of the crime.
The officers told of the circumstances surrounding the shooting as they viewed them when they arrived on the scene a few moments later. They stated that Mrs. Johnstone seemed to be irrational at the time and showed symptoms of temporary insanity.
It was expected that Mrs. Johnstone would take the stand yesterday in her own defense but due to the careful examination of witnesses by counsel, her appearance was delayed until today.
Throughout the proceedings yesterday Jovel, the 5-year-old daughter of Mrs. Johnstone, played about the courtroom where her mother is being tried for her life. It was to protect the scene of her child, the mother said at the time of the shooting, that she killed her husband. Mrs. Johnstone said that her husband was a bootlegger at Long Beach.

TOURISTS
Will Find that Many of the Eastern Made Creams Do Not Agree With Their Skin in California.
The Key to Beauty creams, as-tringing, powders and rouges are manufactured by Anna M. Bergeron, who has for twenty years made a scientific study of the care of the skin and the bad effect of the climate and water on the skin and they positively will not encourage the growth of hair.
So great has the demand for these beauty aids become that it has been necessary to place them in all the leading stores.
By sending twenty-five cents in coin or stamps to her office, you will receive liberal samples and price list. Mail orders promptly filled.
Madame Bergeron is the only beauty specialist who treats the skin exclusively removing every blemish that mars the beauty of the complexion, including superfluous moles and birthmarks with the electric needle.
Her system is approved by leading doctors and among her patrons are the best and oldest families of California. Phone 1597 for appointments.—(Advertisement)

AIR CONTROL VITAL IN VIEW OF ADMINISTRATION

Cabinet is Called to Consider Best Means of Effective Supervision; Monopoly Favored.

WASHINGTON, Feb. 9.—Regulation of use of the air in a matter of pressing national concern. With aircraft, wireless telephones, wireless telegraph and other modern mechanical devices utilizing the etherial realm to an extent undreamed of a few months ago, the United States government is face to face with the necessity of controlling the use of the air above the land and over the waters under its jurisdiction.

President Harding today disclosed the administration's view of the importance of the subject, when he revealed the fact that practically the entire Cabinet meeting this morning was devoted to a discussion of that subject. The Chief Executive announced that he had authorized Secretary Hoover to call a conference of experts to consider the needs of legislation. Army and Navy experts, as well as Congressional representatives, are to participate in the conference.

CONDITION EMPHASIZED.
Development of the wireless telephone and its practical application within the last few weeks has served to emphasize the broad condition of the air. Only last week Secretary Wallace, without leaving his department here in Washington, addressed a convention of farmers at St. Paul over the wireless telephone. One of the commercial wireless concerns offered to install in the executive offices at the White House a receiving instrument which will allow President Harding to listen in on any wireless conversation going on through the air any time he has a spare moment.

The broadcasting of all sorts of information, from advertisements to sermons, by use of the wireless telephone has served to bring home the need of legislation to regulate use of the air in the present session of Congress. One newspaper, which offered to broadcast the latest news of the world, from advertisements to sermons, by use of the wireless telephone has served to bring home the need of legislation to regulate use of the air in the present session of Congress. One newspaper, which offered to broadcast the latest news of the world, from advertisements to sermons, by use of the wireless telephone has served to bring home the need of legislation to regulate use of the air in the present session of Congress.

DISCUSS AIR COPIES.
Air "traffic cops" already are being discussed at the capital, because Senator Wadsworth of New York, chairman of the Military Affairs Committee, had introduced and ordered a favorable report on a bill to regulate the operation of

HOOPER HAS TAKEN HAND.

Reports on Russian Relief Work After Soviet Connection With Committee Is Exposed.

WASHINGTON, Feb. 9.—A detailed report in regard to the Russian relief work, which is being done by American and other organizations, was sent to the White House tonight by Secretary of Commerce Hoover. This was done in response to a request from President Harding, occasioned by an attempt to enlist his support for the American Committee for Russian Famine Relief, the connection of which with the soviet government of Russia has been disclosed.

After obtaining the consent of Senator McCumber of North Dakota to the use of his name as one of the advisory council, Walter A. Lippert, who organized the committee, under contract with Dr. Dubrowsky, Bolshevik agent, and representative here of the Russian Red Cross organized by the soviet government, asked the Senator for a letter to the President. Senator McCumber gave him a letter introducing him to President Harding as a gentleman representing a relief work, apparently unconnected with the soviet government, and commending it to the President. He should, upon investigation, find it to be worthy of his endorsement.

NEW ONLY MAN.
"I knew, of course, that the President would investigate it before endorsing anything," said Senator McCumber. "I knew nothing about the committee, except what I was told by Mr. Lippert, who explained to me that it was endorsed and directed by the prominent people whose names he gave me."

Senator McCumber added that if the funds of the committee were to be controlled in any degree by the soviet government, he feared it was seriously open to question whether the disposition would be entirely for the benefit of the famine sufferers. "If the committee is not what it was represented to be," said Senator McCumber, "it will not, of course, have the support of those who have their names under misapprehension of the facts concerning it."

Senator Capper of Kansas, another who sponsored the project, said that if the committee is working in conjunction with the soviet government of Russia, as the disclosures appeared to establish, he should at once insist on the withdrawal of his name from all connection with the enterprise.

INVESTIGATE COMMITTEE.
The investigation not only of the American Central Committee for Russian Relief, but of the Russian Red Cross organized by the soviet government, is being conducted by the Department of Justice under the personal direction of William J. Burns.

According to the program, the Russian Red Cross was to be a relief work of all foreign organizations sending relief to Russia.

REMEMBER THIS
What we generally mean when we say "It can't be done" is "I can't do it."

ULTIMATUM BY FRANCE.

Gives Views on Genoa Meet.

Will Not Consent to Any Discussion of Terms of Peace Pacts.

Otherwise Paris Will Send No Envoys, Says Note from Poincare.

PARIS, Feb. 9.—Premier Poincare, in a note given out tonight addressed to the United States and France's Allies in the late war, declared flatly that France would be unable to send delegates to the proposed Genoa economic conference if it is understood that they do not accept entirely conditions advanced at the Supreme Council meeting in Cannes in January, precluding any discussion of the existing peace treaties.

It is necessary, M. Poincare thinks, to see whether the Russian soviet government is disposed to accept commercial facilities and to give guarantees for the protection of industrial and personal property. He opposes any discussion that would infringe upon the province of the League of Nations. His note concluded with the statement that time is required properly to prepare for this conference and that this necessitates a postponement of the gathering three months.

CHAMBER APPROVES STAND.
The Foreign Affairs Committee of the Chamber of Deputies today adopted a resolution approving Premier Poincare's attitude.

The resolution, which is a possible conflicting interpretation of the clauses of the Supreme Council's resolution providing for respect for treaties and the re-establishment of a solid peace basis.

After strongly advancing the principle that the agenda fixed at Cannes must be adhered to, that the existing treaties must not be discussed and that it must be understood that the delegates to their very presence at Genoa accept this condition, the note criticizes the agenda in that it fails to make clear what it means regarding nonintervention into the internal affairs of states. It asks whether that means that the soviet government is not to interfere in the internal organization of the German government if the restoration of the Hohenzollerns were involved, or the restoration of the monarchy in Hungary.

POINTS TO DANGER.
"It is necessary to know," says the note, "exactly what is meant by nonintervention. The clause might be dangerous for the peace of Europe."

The note concludes by saying that the Allies must be satisfied by nonintervention, the understanding as to the interpretation of the resolution adopted by the Supreme Council at Cannes, since the practical application of those principles is the first item on the program.

The governments desiring to oppose the conditions laid down January 4," says the note, "will not give warning of their intention. But they would introduce dangerous questions and would pass them through the holes in the program if it is not prepared rigorously on a plan not open to discussion."

GENOA PLANS FOR MEET.
PARIS, Feb. 9.—Plans for opening the international economic and financial conference are proceeding without interruption, the fall of the Bonomi ministry having no effect in the plans already started by the Premier. Prefect Fogel is preparing accommodations.

THOMPSON HITS VETERANS.

Chicago Mayor Takes Usual View in Announcing That Minister to Fight Crime Is Appointed.

CHICAGO, Feb. 9.—Mayor Thompson today formally created the post of law enforcement commissioner in his cabinet and appointed the Rev. John H. Williamson, a Methodist minister, as the first incumbent, with supreme powers over law violators "from the highest city official to the lowest crook on the streets."

Mr. Williamson was instructed by the Mayor to pay particular attention to reports of dishonesty among some city officials. The appointment was made in response to appeals from ministers and civic organizations and because of the numerous rumors of corruption.

ACCEPTS POSITION.
Tonight Mr. Williamson resigned as pastor of his church and formally accepted the new position.

In announcing his acceptance, he declared that his office would be doing the same thing that the teachings of Christ. He appealed to all Christian organizations to join him in a crime drive.

In a statement announcing the appointment, Mayor Thompson said that "in seeking the causes of crime, we must not close our eyes to the fact that many persons who formerly were in the habit of drinking intoxicating liquors and who are not in sympathy with the Eighteenth Amendment, now drink moonshine, or anything in the nature of intoxicating liquor and under the influence of it become utterly irresponsible. Consequently, one of the first duties of the Commissioner must be to seek out every

ARTHUR MAY QUIT.

To Resign Soon, is Rumor.

Will Refuse Assignment to Philippines After His Marriage.

Report Continues Despite Denials by Secretary of War and Others.

WASHINGTON, Feb. 9.—Circumstantial reports persist in Washington that Brig-Gen. Douglas MacArthur, commandant at West Point, who has been assigned to go to the Philippines, after his marriage to Mrs. Louise Cromwell Brooks, at Palm Beach, on February 14, will refuse the assignment and resign his commission in the Army.

Secretary of War Weeks said today he had heard nothing of the report, and believed it was untrue. Neither Gen. Pershing nor Gen. Harbord, heads of the general staff, could be reached, but their aides authorized the statement that no intimation of his resignation had been received.

Maj-Gen. P. C. Harris, adjutant-general of the Army, who would first receive a resignation, said he had heard nothing of it.

MYSTERY IN REMOVAL.
The reports of MacArthur's intended resignation revolve about the mystery of his removal from command of West Point, after two and a half years of service there, and his assignment to the Philippine post. It is usual for officers to have four years of duty at such places as West Point, and because of MacArthur's reassignment before the end of the four years, there have arisen reports of differences between him and Gen. Pershing.

In addition to this, MacArthur would not be in strict consonance with the former regime has done no good in this administration. Also, MacArthur was always regarded as one of the adherents of Leonard Wood.

In point of service MacArthur is one of the youngest brigadier-generals in the history of the Regular Army. He has only about eighteen years of service, whereas most other brigadier-generals have had from twenty-three to twenty-five years.

COMMANDED DIVISION.
At the outbreak of the war MacArthur was a major in the Engineer Corps, having been attached to the general staff, and having been in the War Department censor during the Pershing expedition into Mexico. When the Rainbow Division was organized, MacArthur was made a lieutenant-colonel and chief-of-staff of the division, and went with it to France, where he earned praise for his bravery.

He was promoted to colonel, and for a time he had command of the Rainbow Division. He came back to the United States as brigadier-general and was one of the few young officers who were given an appointment to West Point with general satisfaction, and his work there was approved by military men everywhere.

DETECTIVE IS FREED.
SEATTLE (Wash.) Feb. 9.—R. L. Osborn, Shipping Board detective, arrested last week charged with smuggling six tons of narcotics from the steamship Pinetree State, has been released by United States Commissioner R. W. McClelland, who declared that the evidence offered he could not hold Osborn to the grand jury.

TO MAKE AMENDS.
Cardinal Gasparri permitted the Associated Press correspondent to state that it was quite possible, even probable, that the question of American participation in future conclaves would be discussed at the next conclave.

Pope Pius has postponed until after the coronation all deliberations and decisions on important matters. He has not yet appointed his successor to the archbishopric of Milan, but continues to administer the diocese himself.

The Pope's sister and his brother arrived from Dado today and took up quarters in the Vatican, there to remain until after the coronation. The Pope is understood to have expressed one regret—that henceforth he would be unable to indulge in his favorite sport of Alpine climbing.

Mexican Rebels Wreck Bridges, Railroad Track

EL PASO, Feb. 9.—Revolutions today burned two bridges between Juarez and Chihuahua City and destroyed six parts of the railroad track between Chihuahua and Torreon, according to telegrams received in Juarez this afternoon.

A telegram from Chihuahua City to El Paso announced that due to the damage the trains due in El Paso this evening would not run in until some time tomorrow. The bridges reported destroyed were near Samalayuca, about thirty miles from Juarez. The extent of damage has not been determined on the road below Chihuahua City.

JAPAN IS ALSO CUTTING EXPENSES.

TOKIO, Jan. 10.—In line with the general policy of the administration to reduce governmental expenses, the colonial bureau is asking for about 13,000,000 yen less last year. Among the expenditures to be cut is that for the Japanese forces has been a bone of contention both at home and abroad. This appropriation is reduced by 4,414,445 yen.

Engaged to Wed Noted General.

Mrs. Louise Cromwell Brooks.

Society matron of Washington and Philadelphia, whose wedding to Brig-Gen. Douglas MacArthur, commandant of West Point, will take place February 14 at Palm Beach.

The ceremony will take place at El Mirador, the country estate of the bride's parents, Mr. and Mrs. Edward T. Stotesbury of Philadelphia.

MAY AMEND PAPAL LAWS.

Foreign Cardinals Fought Against Election of Pope Without Participation by America.

ROME, Feb. 9.—Two-thirds of the foreign cardinals and a small fraction of the Italian favored American participation in the conclave which elected Pope Pius XI. Against the proposal to delay the election were almost all Italian cardinals, led by the camerlengo, Cardinal Gasparri.

It is learned that the Austrian Cardinal Pini, Archbishop of Vienna, and Cardinal Cernoch, Primate of Hungary, made a determined stand that the election of the Pope should not be made until at least one American was present.

"America is a vital part of the church," he said to the members of the Sacred College. "It will be calamitous to deny her participation in the election of the Pontiff. It will have a grave reaction among the American people; it will wound their pride and dignity. I ask the conclave to weigh well the consequences of its act before casting this vote."

Cardinal Pini was even more determined. "Yes, it may be true," he said in answer to an Italian colleague, "that prolongation of the conclave is a technicality with the constitution. But can the Sacred College risk offending America for the sake of a technicality?"

Cardinals Lucon, Dubois, Andrieu and Maurin, called on the capital secretary today to submit, with Cardinal Lucon as spokesman, the request that the papal constitution be amended fixing the date for the convening of a conclave at an indefinite period after the demise of the Pope to permit the United States, Canada and South America to participate.

There were numerous patrons at the tables when the bandit entered. Stepping suddenly up to the cash register, where Mr. Hieros was seated, one of them said: "Put 'em up, quick! Open that register!"

He thrust a revolver against the proprietor. Simultaneously the second bandit fired two shots over the heads of the diners. The first struck a bullet loose in the direction of Mr. Hieros, the shot passing through his coat tail and entering his overcoat hanging on the wall, and then took \$75 from the cash register.

ROBBERY IN RESTAURANT DOWNTOWN

Cafe Just Off Broadway is Held Up; Shots Terrorize Crowd of Patrons.

Edging into the Cho-Cho Buttery Cafe at 209 West Eighth street, between Broadway and Spring street, two neatly dressed young men held up one place just before midnight, fired a small fusillade of bullets, terrorized the diners, took all the money from the cash register, backed out to the street and escaped in an automobile. The restaurant is operated by S. P. Hieros and H. Hasegawa.

Next in importance to active patrol is that of the naval reserve. In that respect both the British and Japanese are much stronger.

JAMES CARY IS FREED.
SACRAMENTO, Feb. 9.—James Cary, arrested by Sacramento police yesterday as the suspected leader of Police Officer Francis Meenan at Marysville Monday night, established an alibi today and was released. Marysville officers stated he was not the man wanted, for whom rewards aggregating \$800 have been offered.

JURY BUCKET SHOP QUIZ.

Start Investigation of Pseudo Brokerage Houses in New York Financial District.

NEW YORK, Feb. 9.—The grand jury today began an investigation of complaints received by Dist.-Atty. Banton in the last few months that certain brokerage houses in the financial district were really bucket shops.

Before the District Attorney and three of his assistants went into the jury room he announced that for some time U. S. Dist.-Atty. Hayward and Charles D. Newton, Attorney of the State, had been co-operating with him in his investigation of the recent failure of several brokerage firms in the Wall street district.

Mr. Banton also said that for several months the District Attorney's office had been receiving complaints at the rate of forty to fifty a week in different parts of the country charging they had been victimized by brokers who bucketted their orders.

He said he had no statistics available revealing the total losses alleged to have been sustained by the complainants. It was unofficially estimated in another quarter they would amount to about \$10,000,000.

Mr. Banton said among those under investigation were several

STANDS FIRM FOR NAVY.

Harding Opposes Further Cut.

Penny-Wise Statesmen Who Would Reduce Personnel to 50,000 Jolted.

Class at Annapolis Likely to be Reduced; Officers Too Numerous.

BY GRAFTON S. WILCOX.
(EXCLUSIVE DISPATCH.)

WASHINGTON, Feb. 9.—The Navy Department has determined to enlist the aid of President Harding in a determined resistance to the movement in Congress for reducing the enlisted personnel of the Navy to 50,000.

Such a reduction would not only force the United States Navy out of proportion in the scheme of relatively worked out in the naval treaty, but would cripple the service actually needed for peace-time activities, to say nothing of actually endangering national defense in emergencies.

President Harding has assured Secretary Daniels that he would regard a reduction of enlisted personnel below 50,000 a serious mistake and would not support it. The King bill would make it 50,000.

It can be stated, however, that the American Navy as the present is top-heavy in commissioned personnel, particularly in high grades. Unless the classes at the academy soon are cut down, the top heaviness will apply to the subordinate grades as well.

TOO MANY OFFICERS.
The Navy Department itself is holding down even now in the number of high-ranking officers.

For example there is provision by law for forty-eight rear-admirals, but only thirty-four had been commissioned on January 3. There is provision for 228 captains, as against only 122 commissioned; 770 lieutenant-commanders, against 285 commissioned; and 1737 lieutenants, against 1333 commissioned.

Naval authorities take the position that the fleet and the coast guard need practically all the trained enlisted men now in the service, if the ships which are to be kept in service, should the naval treaty be ratified, are to be properly manned.

An impression has spread that the scrapping of a number of older battleships will release a large number of enlisted men. Department officers showed today that this is not true.

Only about 400 men will be released by the scrapping of the ships on the conference list. Most of these vessels are not being scrapped; that is, they are tied up with a mere handful of caretakers aboard each.

MORE MEN NEEDED.
All the men released in that direction, many times more will be needed to man the two new ships which are to be completed under the limitation program.

A comparison of the personnel strength of the three leading navies might be made to show their relative standing. This follows:

Officers: U. S. 1,244; British 1,244; Japanese 1,244.
Warrant officers: U. S. 2,432; British 2,432; Japanese 2,432.
Warrant staff: U. S. 243; British 243; Japanese 243.
Enlisted men: U. S. 1,244,000; British 1,244,000; Japanese 1,244,000.
Total: U. S. 1,244,000; British 1,244,000; Japanese 1,244,000.

Next in importance to active patrol is that of the naval reserve. In that respect both the British and Japanese are much stronger.
